GENERAL NOTES

- Utilities:** Sanitary sewer, water, gas, electric, and telephone will be extended to the site.
- Flood Plain Data:** No portion of this property lies within the 100 year flood zone (Zone A) as said property plots by scale on the Flood Insurance Rate Map (FIRM) Community Panel 180256 0015 C, dated August 5, 1991.
- Access:** Lots shall access internal street only.
- Road Grades:** Road grades shall not exceed 10%.
- Property Corner Markers:** All corners not currently marked will be marked with a 5/8" rebar with a plastic cap labeled "R.S. 900007."
- Temporary Erosion Control (during construction)**
 - Slopes of 0%-6% shall be mulched and seeded with a cover crop, i.e., rye, red top, or wheat, within forty-five (45) days of disturbance of soil, which must remain in place until final grading and shaping.
 - Slopes of more than 6% shall be mulched and seeded and shall have straw bales and/or erosion blankets in place within five (5) days of disturbance of soil which must remain in place until final grading and seeding.
- Erosion Control for Ditches:**
 - Slopes of 0%-2% shall be mulched and seeded within forty-five (45) days of disturbance.
 - Slopes of 2%-8% shall be sodded or stabilized with an erosion control mat at completion of ditch grading.
 - Slopes over 8% require riprap or other approved stabilization at completion of ditch grading if the total ditch length at that point is greater than 100 feet.
- Lot Drainage:** Individual lot owners are responsible to construct and maintain respective lot grades in such a manner as to allow stormwater runoff from abutting lots to flow freely to drainage swales or street curbs.
- Storm Drainage Maintenance:** Each Lot Owner within this subdivision shall be financially responsible for the grass cover, mowing and cleaning of any part of the storm water drainage system, including inlets, banks and preservation of the design flowline elevations lying within their respective Lot. Lot Owners shall not construct or place any obstruction within drainage easements which will interfere with the flow of surface water along drainage easements.
- The Cambridge Hills Homeowners Association shall be responsible financially, including repair and maintenance of the entire storm water drainage system, its parts and easements within this subdivision and outside the Vanderburgh County accepted rights-of-way. The Golf Course Owner shall be responsible financially, including repair and maintenance of the entire storm water drainage system, its parts and easements within the Golf Course proper.

- The Responsibilities of the above entities shall include:
- Enforcing the mowing and cleaning obligations of the individual Lot Owners, plus mowing, controlling weeds, and maintaining the designated cover of the waterways, basin areas and easements within this subdivision.
 - Keeping all parts of the storm water drainage system operating at all times as designed and as constructed; and free of all trash, debris, and obstructions to the flow of water.
 - Keeping the channels, embankments, shorelines, and bottoms of waterways and basins free of all erosion and sedimentation.
 - Maintaining and repairing the storm water drainage system, including pipes, inlets, outlets and rip-rap in accordance with the conditions described on the approved street and/or drainage plans on file in the County Engineer's or County Surveyor's Office; and in compliance with the County Drainage Ordinance.
 - Preventing all persons or parties from causing any unauthorized alterations, obstructions, or detrimental actions from occurring to any part of the storm water drainage system and easement within this subdivision.
 - Any pipe, fence, wall, building, pool, planting, stored material, excavation, fill, or other construction, improvement, addition to, or alteration of the land within a drainage easement in this subdivision requires the prior written approval of the County Drainage Board.
 - The foregoing obligation for Storm Drainage Maintenance is a requirement of Vanderburgh County and is enforceable by Vanderburgh County.

OWNER'S CERTIFICATE

The undersigned owner of the real estate shown, and described hereon, does hereby plat and subdivide said real estate as shown and designates the same as CAMBRIDGE SECTION 2A. All roads shown, and not previously dedicated, are hereby dedicated to public use.

Strips or areas of land, of the dimensions shown on this plat and marked "Public Utility (P.U.) Easement", are hereby dedicated for the installation, maintenance, operation, enlargement, and repair of utility facilities, whether above ground or below ground, with the right to trim or remove, at the discretion of the public utility, trees, overhanging branches, bushes, underbrush, and obstructions. No structures other than such utility facilities shall be erected within said areas of land and any fence located within said areas of land is subject to removal by a public utility without liability in the use of said easements by said utility.

Strips or areas of land, of the dimensions shown on this plat and marked "D.E." (Drainage Easement) are dedicated for conveyance of surface water and/or subsurface water; provided however, that public utilities are hereby permitted to cross such Drainage Easements with utility facilities provided, that such facilities are not placed in such a manner as to impede the flow of water and further provided that such Drainage Easements may be used for ingress, egress and temporary staging areas for work by public utility so long as any damage caused to a drainage facility is repaired by the utility company. The property owner is responsible for maintenance and erosion control of said easements and shall not place landscaping, earth berms, fences or other obstructions that impede or reduce the flow of water.

Strips or areas of land marked "LM&SD" (Lake Maintenance & Storm Detention Easement) are dedicated for the maintenance of the storm detention lake and maintenance, and storage of storm water. Any alterations to the land within these easements must have the approval of the Drainage Board. Fences may not be extended across the Lake Maintenance & Storm Detention Easement.

Strips or areas of land, of the dimensions shown on this plat and marked "S.S.E." (Sanitary Sewer Easement), are hereby dedicated to the sanitary sewer utility for the installation, maintenance, operation, enlargement, and repair of utility facilities, with the right to trim or remove at the discretion of the sanitary sewer utility, trees, overhanging branches, bushes, underbrush, and obstructions. No buildings or similar structures, other than such utility facilities, can be located within said areas of land. Any fence located within said areas of land is subject to removal by the sanitary sewer utility without liability in the use of said easements by said utility.

All easements are dedicated with the right of ingress and egress over the lots within this subdivision and from said easements for necessary construction, maintenance, or reconstruction.
