- - Storm Pipe w/ FES
- - Swale Flowline

I, Bethany S. Hoff, certify and affirm that the completed storm water drainage system for this project is in general compliance with the Final Drainage Plan as approved by the Vanderburgh County Drainage Board, except as listed below:
 1. P 842 was extended, FES 843 was not installed, AD 843A was installed and P 843B was connected to an existing culvert under Kansas Road.
 2. The drainage basin was not installed to the designed cross sections.

NOTE:
 The fences that are located within the drainage easements will be removed and relocated by the developer or encroachment agreements will be provided by the lot owners for any fences that are not moved. There is also a yard barn in the drainage easement on Lot 32. This yard barn will be moved out of the easement or an encroachment agreement will be provided. This work is yet to be completed. A re-inspection will be requested upon completion of the work.
