**EXISTING POND
GRADING REQUIREMENTS**

Contractor shall drain the existing man-made pond and remove muck, soft clay,
or other unsuitable material within the road right-of-way and in any areas
adjacent to house ponds. A minimum of 1 foot undercut will be required.
Contractor shall notify the Vanderburgh County Engineer's Office at least 48
hours in advance of undercut operations. Fills shall be constructed in accordance
with the General Notes for earthwork shown on Sheet No. C-33 Roadway
Details. Compaction tests shall be performed, recorded and transmitted to
the Vanderburgh County Engineer's Office along with all other test results
required for roadway acceptance.

NOTE:
All rear yard and off-site drainage needs
to be routed between shared property
lines and within Drainage Emnts. provided
for Lots 8-10.
