Area within a Special Flood Hazard Area which is shown to be a Floodway, on the FARA from DNR dated 4/20/2022

Construction in the Floodway area requires a permit from the DNR, Division of Water. The Flood Control Act (IC 14-28-1) requires the prior approval of the DNR, Division of Water for any construction in the Floodway area including an obstruction, fill excavation or the construction of a building. Local floodplain ordinances may require local construction permits. Flood insurance is strongly recommended and is required by FEMA for any building that has a federally backed mortgage.

This drawing and/or specifications is provided as an instrument of service provided by Cash Wagner & Associates, PC and is intended for use on the project only. All drawings, specifications, design, models, notes, calculations, and arrangements appearing herein constitute the original and unpublished work of and remain the property of Cash Wagner & Associates, PC. Any reproduction, use or disclosure of the proprietary information contained herein without the prior written consent of Cash Wagner & Associates, PC is strictly prohibited.

Written dimensions shown hereon shall take precedence over scaled dimensions. Contractors shall calculate and measure required dimensions. Notify Cash Wagner & Associates, PC with any variations in dimensions or conditions from those indicated on these drawings. This drawing was based on available information. Commencement of work constitutes verification and acceptance of existing conditions.

Application of a material or equipment to work installed by others constitutes acceptance of that work and assumption of responsibility for satisfactory installation.
