OWNER'S CERTIFICATE

The undersigned owner of the real estate shown and described herein do hereby plat and subdivide said real estate as shown and designate the same as **Centerra Ridge Section 3**. All road right-of-ways shown and not previously dedicated are hereby dedicated to public use.

Strips or areas of land, of the dimensions shown on this plat and marked "R.P.U.E." (Restricted Public Utility Easement), are hereby dedicated to the public water utilities, public sewer utilities, public gas utilities and public electric utilities for the installation, maintenance, operation, enlargement and repair of utility facilities, whether above ground or below ground, with the right to trim or remove, at the discretion of said public utility companies, trees, overhanging branches, bushes, underbrush and obstructions. No buildings, structures, fences, telephone utilities, cable television utilities or any other utilities shall be located within said areas of land. However, nothing shall prevent the use of any portion of the easement for utility service connections or crossings by any utility. Any building, structure, fence, telephone facilities (except crossings and service connections), obstructions or encroachments located within said areas of land are subject to removal by the permitted water, sewer, gas and electric utility companies without liability in the use of said easements and the permitted water, sewer, gas and electric utility companies shall not be required to replace, restore or repair any non-permitted feature, obstruction, or encroachment in the use of said easements. Nothing shall prevent the use of any portion of this easement for driveways, parking lots and sidewalks constructed with any type of material or surface and nothing shall prevent the use of any portion of this easement for crossings by storm drainage facilities.

Strips or areas of land, of the dimensions shown on this plat and marked "EWSUE" (Evansville Water and Sewer Utility Easement), are hereby dedicated to the public water utilities and public sewer utilities for the installation, maintenance, operation enlargement and repair of utility facilities, whether above ground or below ground, with the right to trim or remove, at the discretion of said public utility companies, trees, overhanging branches, bushes, underbrush and obstructions. No buildings, structures, fences, electric utilities, gas utilities, telephone utilities, cable television utilities or any other utilities shall be located within said areas of land. However, nothing shall prevent the use of any portion of the easement for utility service connections or crossings by any utility. Any building, structure, fence, electric facilities (except crossings and service connections), gas facilities (except crossings and service connections), obstructions or encroachments located within said areas of land are subject to removal by the permitted water and sewer utility companies without liability in the use of said easements and the permitted water and sewer utility companies shall not be required to replace or repair any non-permitted feature, obstruction or encroachment in the use of said easements. Nothing shall prevent the use of any portion of this easement for driveways, parking lots and sidewalks constructed with any type of material or surface and nothing shall prevent the use of any portion of this easement for crossings by storm drainage facilities.

Strips or areas of land, of the dimensions shown on this plat and marked "D.E." (Drainage Easement) are dedicated for conveyance of surface water and/or subsurface water; provided however, that public utilities are hereby permitted to cross said drainage easements with utility facilities provided, that such facilities are not placed in such manner as to impede the flow of water and further provided that such Drainage Easements may be used for ingress, egress and temporary staging areas for work by public utility so long as any damage caused to a drainage facility is repaired by the utility company. The property owner is responsible for maintenance and erosion control of said easements and shall not place landscaping, earth berms, fences or other obstructions that impede or reduce the flow of water.

Strips or areas of land, of the dimensions shown on this plat and marked "L.M.&S.D.E." (Lake Maintenance & Storm Drainage Easement) are dedicated for the maintenance of the storm drainage lake and maintenance, and storage of storm water. Any alterations of the land within these easements must have the approval of the Drainage Board. Buildings, structures and easements shall not be located within the Lake Maintenance and Storm Drainage Easement.
