OWNERS CERTIFICATE

The undersigned owner of the real estate shown, and described hereon, does hereby plat and subdivide said real estate as shown and designates the same as "Covington Heights Section Four". All roads shown, and not previously dedicated, are hereby dedicated to public use.

Strips of grounds, of the width shown on this plat and marked "Public Utility Easement", are hereby dedicated for the installation, maintenance, operation, enlargement, and repair of utility facilities, whether above ground or below ground, with the right to trim or remove, at the discretion of the public utility, trees, overhanging branches, bushes, underbrush, and obstructions. No structures other than such utility facilities shall be erected within said strips of land and any fence located within said strips of land is subject to removal by a public utility without liability in the use of said easements by said utility.

Strips of ground marked "Drainage Easement" are dedicated for surface water and/or subsurface water; provided, however, that public utilities are hereby permitted to cross such Drainage Easements with utility facilities; and provided that such facilities are not placed in such a manner as to impede the flow of water and further provided that such drainage easements may be used for ingress and egress and temporary staging areas for work by public utilities.

Strips of ground marked "Public Utility and Drainage Easement" are dedicated for surface and/or subsurface water drainage in addition to public utilities; provided, however, that no above ground parts of such utility facilities shall be placed within the banks of drainage ditches, or swales, in such a manner as to impede the flow of water.

Individual lot owners shall maintain all easements on their lot. Lot owners shall not construct or place any obstruction within any "Drainage Easement" or "Retention Basin Easement" which shall interfere with the flow of water along said easements. In addition, individual lot owners shall keep all "Drainage Easements" or "Retention Basin Easements" clear of any impediments which may happen to fall or enter therein.

LOCATION MAP

SCALE: 1"=2000'

GENERAL NOTES

Zoning: The subject property, and all abutting property, is zoned agricultural.

Utilities: Sanitary sewer, water, gas, electric, and telephone will be extended to the site.

Flood Plain Data: Flood Insurance Rate Map (FIRM) Community Panel 180256 0025 C, dated August 5, 1991 shows that no portion of this subdivision lies within Zone A.

Lot Drainage: Individual lot owners are responsible to construct and maintain respective lot grades in such a manner as to allow stormwater runoff from abutting lots to flow freely to drainage swales or street curbs.

Road Grades: Maximum road grades will not exceed 7.0%.

Contours: Contours shown were taken from Vanderburgh County Topographic Map (sheet 213-dated March 27, 1991).

Temporary Erosion Control: (during construction)

- Slopes of 0%-6% shall be mulched and seeded with a cover crop, i.e., rye, red top, or wheat, within forty-five (45) days of disturbance of soil, which must remain in place until final grading and shaping.

- Slopes of more than 6% shall be mulched and seeded and shall have straw bales and/or erosion blankets in place within five (5) days of disturbance of soil which must remain in place until final grading and seeding.

Erosion Control for Ditches:

- Slopes of 0%-2% shall be mulched and seeded within forty-five (45) days of disturbance.

- Slopes of 2%-8% shall be sodded or stabilized with an erosion control mat at completion of ditch grading.

- Slopes over 8% require riprap or other approved stabilization at completion of ditch grading if the total ditch length at that point is greater than 100 feet.

Site Location Relative to Airport:

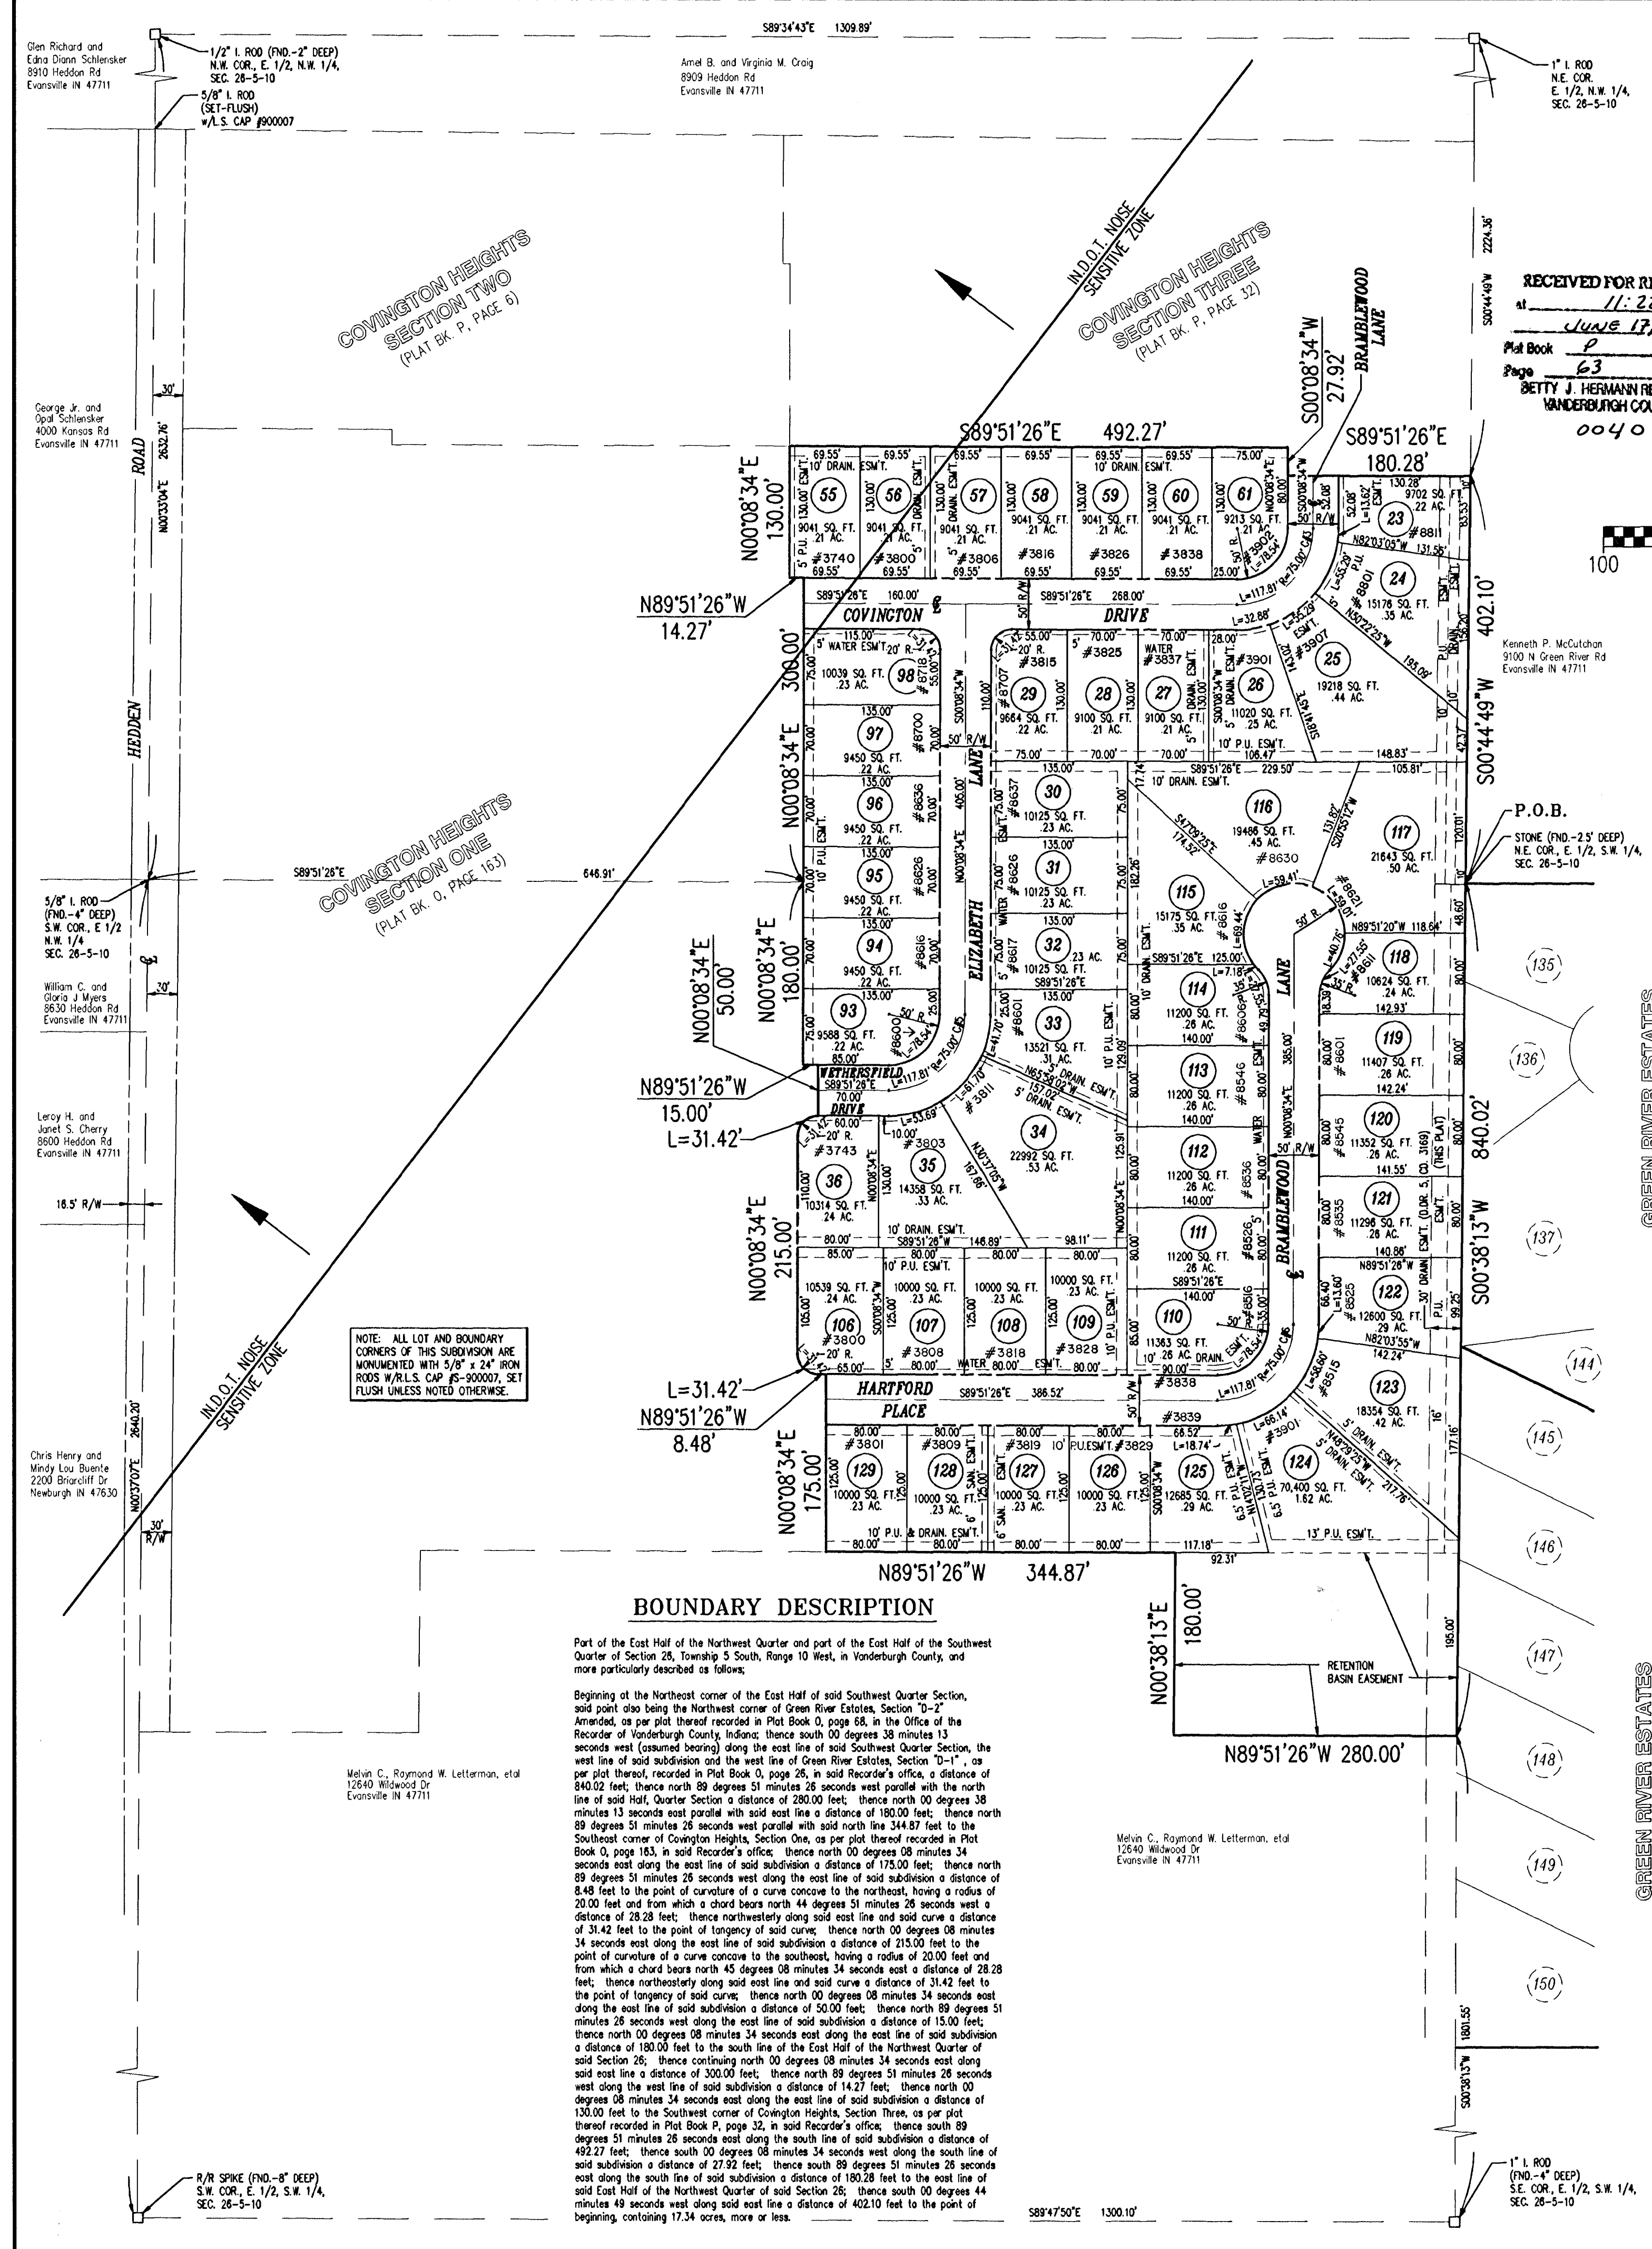

This subdivision lies in close proximity to an operating airport. The operation of the airport and the landing and takeoff of aircraft may generate high noise levels. The center of this subdivision can be located by beginning at the northerly terminus of Evansville Regional Airport Runway 4-22; thence northeasterly along the extended centerline of said runway approximately five thousand three hundred (5300) lineal feet (1.0 miles); thence southeasterly, perpendicular to said extended centerline, approximately one thousand six hundred twenty (1620) lineal feet (0.3 miles).

Retention Basin Maintenance:

The owners of lot 124 shall be responsible for:

1. Keeping the weeds, including along the shoreline and in the Retention Basin on their property, controlled according to the County Ordinances.
2. Keeping that part of the retention basin on their property clear of trash and debris.
3. Keeping all storm sewers discharging out of retention basin on their property clear at all times.
4. Keeping shoreline and embankment free from all erosion and protect all banks for erosion.
