Future Section of Cross Pointe

GENERAL NOTES

Zoning: Subject property currently zoned C-4. Adjacent property currently zoned as shown hereon.

Flood Plain Data: The subject property is not located in Special Flood Hazard Zone "A" as scaled from Flood Insurance Rate Map (FIRM) Panel No. 180258 0050 B, dated March 19, 1982. However, buildings placed on the lots within this subdivision will be subject to Minimum First Floor (MFF) elevations to be determined by the Building Commissioner of Vanderburgh County according to the Floodplain Management Ordinance.

At the time of recording of this plat, the Building Commissioner has determined the MFF elevation to be 390.0'

Basements: Any basement must be approved by the Vanderburgh County building Commissioner.

Utilities: Municipal water and sanitary sewer exist along Cross Pointe Boulevard and are available to be extended to the lot within the subdivision.

Temporary Erosion Control: (during construction)

Slopes of 0% to 6% shall be mulched and seeded with a cover crop, i.e., rye, red top, or wheat, within forty-five (45) days of disturbance of soil, which must remain in place until final grading and shaping.

Slopes of more than 6% shall be mulched and seeded and shall have straw bales and/or erosion blankets in place within five (5) days of disturbance of soil which must remain in place until final grading and seeding.

Erosion Control for Ditches:

Ditch construction will be in accordance with the Vanderburgh County Drainage Ordinance.

Property Corner Markers: All corners not already marked will be marked with a 5/8" diameter steel rebar with plastic cap stamped "Morley & Assoc. ID #0023"

OWNER'S CERTIFICATE

The undersigned owners of the real estate shown and described hereon do hereby plot and subdivide said real estate as shown and designate the same as Cross Pointe Section 6B. All roads shown and not previously dedicated are hereby dedicated to public use.

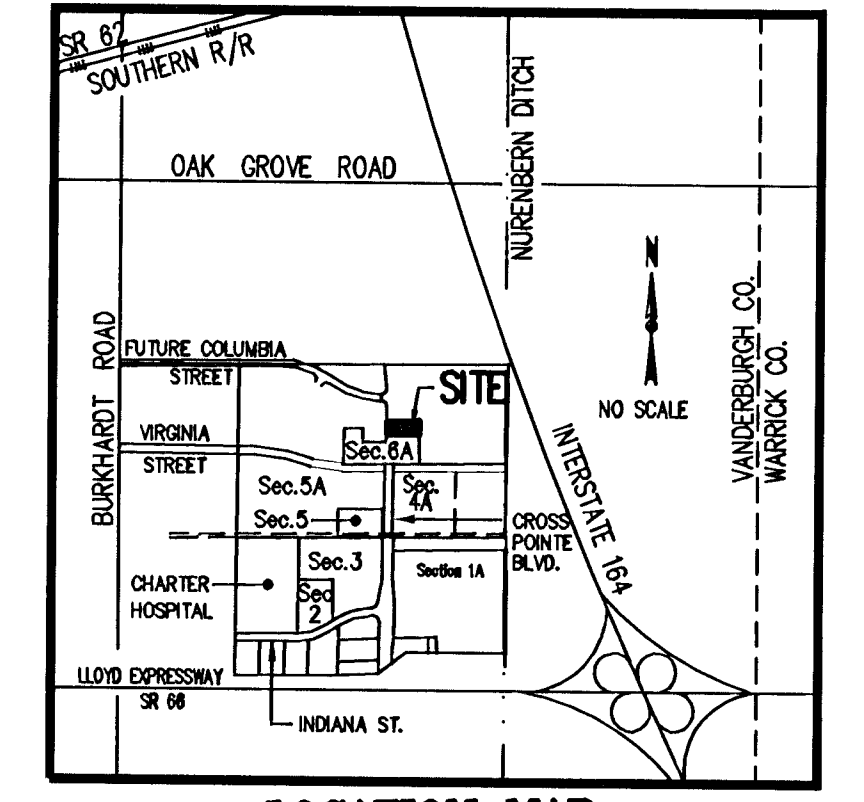

The undersigned owner further confirms that owners, its successors and assigns, shall have a continuing obligation to maintain the Lake Maintenance & Storm Drainage Easement as shown on this plat.

Strips or areas of land, of the dimensions shown on this plat and marked "P.U.E." (Public Utility Easement), are hereby dedicated to public utilities for the installation, maintenance, operation, enlargement and repair of utility facilities, whether above ground or below ground, with the right to trim or remove, at the discretion of the public utility, trees, overhanging branches, bushes, underbrush and obstructions. No structures other than such utility facilities shall be located within said areas of land and any fence located within said areas of land is subject to removal by a public utility without liability in the use of said easements by said utility.

Strips or areas of land, of the dimensions shown on this plat and marked "D.E." (Drainage Easement) are dedicated for conveyance of surface water and/or subsurface water; provided however, that public utilities are hereby permitted to cross such Drainage Easements with utility facilities provided, that such facilities are not placed in such manner as to impede the flow of water and further provided that such Drainage Easements may be used for ingress, egress and temporary staging areas for work by public utility so long as any damage caused to a drainage facility is repaired by the utility company. The property owner is responsible for maintenance and erosion control of said easements and shall not place landscaping, earth berms, fences or other obstructions that impede or reduce the flow of water.

All easements are dedicated with the right of ingress and egress over the lots within this subdivision to and from said easements for necessary construction, maintenance or reconstruction.
