Notary Certificate

STATE OF INDIANA, COUNTY OF **VANDERBURGH** ss:
 Before me, the undersigned, a Notary Public in and for said County and State, personally appeared the said Owners and Subdividers, who acknowledge the execution of the foregoing plat with the dedications and restrictions thereon, express to be their voluntary act and deed for the uses and purposes therein set forth.
 Witness my hand and seal this 16th day of October, 2014
 My Commission Expires: Oct. 25, 2014
 Notary Resides in Vanderburgh
 County, Indiana Donna M. Holderfield
 (Typed or Printed Name)

County

Storm Drainage plans were approved by the Vanderburgh County Drainage Board on April 23, 2013.
 Roadway plans were approved by the Vanderburgh County Commissioners on June 18, 2013.
 Waterline and Sanitary Sewer Plans were approved by the Evansville Water and Sewer Utility on August 1, 2013.

General Notes

- Utilities: Potable Water and Sanitary Sewer available by Evansville Water and Sewer Utility is available at the site and will be extended to all lots.
- Electric and Gas will be provided by Vectren Energy Delivery. Telephone service will be provided by AT&T.
- Road Grades: Maximum road grades will not exceed 5%.
- Basements: The Vanderburgh County Building Commissioner must approve all basements.
- Flood Plain Data: No portion of the proposed subdivision lies within the boundaries of the 100 year flood zone as plotted by scale on Flood Insurance Rate Map for Vanderburgh County, Indiana. Community Panel Number 175 of 275. Map Number 18163001750, dated March 17, 2011.
- The minimum first floor elevation is called Flood Protection Grade (FPG). FPG has been marked on all lots in the front plan and all areas designated by the Building Commissioner. Additional information may be obtained from the Vanderburgh County Building Commissioner. First floor grades shall be set to allow for proper drainage around houses. Lowest adjacent grades and crawlspace shall be a minimum of 0.1' above the Base Flood Elevation (100 year flood elevation).
- Access: All Lots shall access interior streets only. Lot 41 shall access Tawny Drive only.
- Storm Drainage Maintenance: The individual lot owner(s) shall be responsible, including financially, for maintaining that part of the storm water drainage system and its easements which exist on his or her property in proper working order including:
 - Moving grass, controlling weeds and maintaining the designed cover of the waterways, storage basins, and easements in accordance with applicable ordinances.
 - Keeping all parts of the storm water drainage system operating as designed and constructed, and free of all trash, debris, and obstructions to the flow of water.
 - Keeping the channels, embankments, shorelines, and bottoms of waterways and basins free of all erosion and sedimentation.
 - Maintaining that part of the storm water drainage system which lies on his or her property in accordance with the conditions described on the approved street and/or drainage plans on file in the County Surveyor's Office, and in compliance with the County Drainage Ordinance.
 - Preventing all persons or parties from causing any unauthorized alterations, obstructions, or detrimental actions from occurring to any part of the storm water drainage system and easement which lies on his or her property.
 - Vanderburgh County will pay the cost of repairing structural failures in the storm sewer pipes, pipe collars, drop boxes, aprons, inlets, manholes, junction boxes, and the piped or paved outlet structures of the storm water control basins all of which are parts of the approved and constructed storm water drainage system shown on the as-built plans for this subdivision, and which are in compliance with the County Drainage Ordinance.
- Notice: Any pipe, fence, wall, building, pool, patio, planting, stored material, excavation, fill, or other construction, improvement, addition to, or alteration of the land within a drainage easement in this subdivision requires the prior written approval of the County Drainage Board.
- Temporary Erosion Control (during construction): For subdivisions where the land disturbance is in excess of one acre, a Storm Water Pollution Prevention Plan must be submitted in accordance with Vanderburgh County Code Title 13.05 "Construction Site Storm Water Runoff Control". All temporary and permanent erosion control measures must be implemented as described in the Storm Water Pollution Prevention Plan for the project site. For subdivision where the land disturbance is less than one acre, temporary stabilization as described in section 13.05.11C.16 of the Vanderburgh County Code must be provided if unvegetated areas are scheduled or likely to be left inactive for 15 days or more. When land disturbing activities have been completed, final stabilization shall be completed as described in section 13.05.11C.20 of the Vanderburgh County Code.
- Property Corner Markers: All corners not already monumented will be monumented with a 5/8" diameter iron rod with plastic cap stamped "Morley and Associates, Inc. I.D. No. 0023".

Boundary Description

Part of the east half of the west half of the southeast quarter of Section 20, Township 6 South, Range 11 West in Perry Township, Vanderburgh County, Indiana and more particularly described as follows:

Commencing at the southeast corner of the east half of the west half of the southeast quarter of Sec. 20-6-11, said point being a Stone, thence along the east line thereof North 01 degrees 03 minutes 14 seconds East 434.91 feet to a point in the center of Falstead Road, said point being the point of beginning, thence North 88 degrees 56 minutes 46 seconds East 25.00 feet to the point of curvature of a non-tangential curve to the left having a radius of 25.00 feet and a delta angle of 90 degrees 18 minutes 18 seconds from which the long chord bears North 44 degrees 05 minutes 55 seconds West 35.45 feet; thence along the arc of said curve 39.40 feet; thence North 89 degrees 15 minutes 04 seconds West 151.86 feet; thence North 84 degrees 29 minutes 14 seconds West 19.02 feet; thence North 00 degrees 44 minutes 56 seconds East 43.42 feet; thence North 89 degrees 15 minutes 04 seconds West 108.61 feet; thence North 00 degrees 44 minutes 56 seconds East 310.00 feet; thence South 89 degrees 15 minutes 04 seconds East 72.73 feet; thence North 00 degrees 44 minutes 56 seconds West 122.85 feet; thence North 00 degrees 44 minutes 56 seconds East 185.00 feet; thence South 89 degrees 15 minutes 04 seconds East 124.53 feet; thence North 07 degrees 38 minutes 21 seconds West 26.84 feet; thence North 82 degrees 21 minutes 39 seconds East 164.37 feet; thence North 77 degrees 46 minutes 20 seconds East 25.00 feet to a point in the center of Falstead Road, thence along said center for the next 3 calls, South 12 degrees 13 minutes 40 seconds East 104.26 feet to the point of curvature of a curve to the right having a radius of 2300.00 feet and a delta angle of 13 degrees 16 minutes 54 seconds from which the long chord bears South 05 degrees 35 minutes 13 seconds East 531.97 feet, thence along the arc of said curve 533.16 feet to the east line of the east half of the west half of the southeast quarter of said Sec. 20; thence continuing along said east line South 01 degrees 03 minutes 14 seconds West 31.10 feet to the point of beginning, containing 194115 square feet, 4.46 acres more or less.
 Subject to the right-of-way for Falstead Road.
 Subject to an easement in favor of the Evansville Water and Sewer Utility Dead Draw 3, Card 7137.
 Subject to any rights-of-ways and easements of record.

Docket No. 1-S-2013

Owner's Certificate

The undersigned owners of the real estate shown and described hereon do hereby plat and subdivide said real estate as shown and designate the same as **Enclave at Eagle Cliff Section I**. All road rights-of-ways shown and not previously dedicated are hereby dedicated to public use.
 Strips or areas of land, of the dimensions shown on this plat and marked "PUE" (Public Utility Easement), are hereby dedicated for the installation, maintenance, operation, enlargement and repair of utility facilities, whether above ground or below ground, with the right to trim or remove, at the discretion of the public utility, trees, overhanging branches, bushes, underbrush and obstructions. No structures other than such utility facilities shall be located within said areas of land and any fence located within said areas of land is subject to removal by a public utility, without liability, in the use of said easements by said utility.

Strips or areas of land, of the dimensions shown on this plat and marked "DE" (Drainage Easement), are hereby dedicated for conveyance of surface water and/or subsurface water; provided however, that public utilities are hereby permitted to cross such Drainage Easements with utility facilities provided, that such facilities are not placed in such a manner as to impede the flow of water. The property owner is responsible for maintenance and erosion control of said easements and shall not place landscaping, earth berms, fences or other obstructions that impede or reduce the flow of water.

Strips or areas of land, of the dimensions shown on this plat and marked "DAUGPUE" (Drainage & Underground Public Utility Easement), are hereby dedicated for conveyance of surface water and/or subsurface water drainage and for the maintenance and operation of underground portions of public utility facilities, including flush with surface level manholes and vaults that do not impede drainage flow, access along the easement, or moving and maintenance of the easement. No structures other than such utility facilities or drainage ways or systems shall be located within said areas of land and any fence located within said areas of land is subject to removal by the Drainage Board or a public utility without liability in the use of said easements.

Strips or areas of land, of the dimensions shown on this plat and marked "LM&SDE" (Lake Maintenance & Storm Detention Easement), are hereby dedicated for the maintenance of the storm drainage lake and maintenance, and storage of storm water. Any alterations to the land within these easements must have the approval of the Drainage Board. Fences may not be extended into the Lake Maintenance and Storm Detention Easements.

Strips or areas of land, of the dimensions shown on this plat and marked "SIGN EASEMENT" are hereby dedicated for the installation and maintenance of the subdivision identification signage. Any alterations to the land or signage within these easements must have the approval of the subdivision developer or his assigns. Fences may not be extended into easements.

Strips or areas of land, of the dimensions shown on this plat and marked "TEMP" (Temporary Easements), are hereby dedicated for the installation of improvements outside the Section 1 boundary.

The following offsite temporary easements which are to remain in full force and effect for so long as and until such a time that the next section of this subdivision affecting all or a portion of these easements, is approved by the Vanderburgh County Area Plan Commission and recorded in the office of the Recorder of Vanderburgh County, Indiana:
 Affects: 12' PUE's, 12' DE's, LM&SDE's, 30' DE, 19' DAUGPUE, 20' DAUGPUE, 8' PUE's, 18' PUE, 6' PUE & 5' DE's

All easements are dedicated with the right of ingress and egress over the lots within this subdivision to and from said easements for necessary construction, maintenance or reconstruction.
