Owner's Certificate

The undersigned owners of the real estate shown and described hereon do hereby plat and subdivide said real estate as shown and designate the same as Enclave at Eagle Cliff Section IV. All road right-of-ways shown and not previously dedicated are hereby dedicated to public use.

Strips of areas of land, of the dimensions shown on this plat and marked "PUE" (Public Utility Easement), are hereby dedicated for the installation, maintenance, operation, enlargement and repair of utility facilities, whether above ground or below ground, with the right to trim or remove, at the discretion of the public utility, trees, overhanging branches, bushes, underbrush and obstructions. No structures other than such utility facilities shall be located within said areas of land and any fence located within said areas of land is subject to removal by a public utility, without liability, in the use of said easements by said utility.

Strips of areas of land, of the dimensions shown on this plat and marked "DE" (Drainage Easement), are hereby dedicated for conveyance of surface water and/or subsurface water; provided however, that public utilities are hereby permitted to cross such Drainage Easements with utility facilities provided, that such facilities are not placed in such a manner as to impede the flow of water. The property owner is responsible for maintenance and erosion control of said easements and shall not place landscaping, earth berms, fences or other obstructions that impede or reduce the flow of water.

Strips of areas of land, of the dimensions shown on this plat and marked "LM&SDE" (Lake Maintenance & Storm Detention Easement), are hereby dedicated for conveyance of surface water and/or subsurface water drainage and for the maintenance and operation of underground portions of public utility facilities, including flush with surface level manholes and vaults that do not impede drainage flow, access along the easement, or mowing and maintenance of the easement. No structures other than such utility facilities or drainage ways or systems shall be located within said areas of land and any fence located within said areas of land is subject to removal by the Drainage Board or a public utility without liability in the use of said easements. "No utilities, except approved utility crossings, shall be placed within any approved drainage ditch, swale or creek. All utility installations shall comply with Vanderburgh County Drainage Code Requirements 13.04.355C."

Strips of areas of land, of the dimensions shown on this plat and marked "TIE" (Ingress, Egress and Regress Easement), are hereby dedicated for a private drive only for the purpose of ingress, egress and regress to and from Feilstead Road for Lot 38 & Lot 39 as shown hereon. Drive must be constructed with impervious material.

All easements are dedicated with the right of ingress and egress over the lots within this subdivision to and from said easements for necessary construction, maintenance or reconstruction.

County

Storm Drainage plans were approved by the Vanderburgh County Drainage Board on October 28, 2014 and as amended on June 9, 2015.

Roadway plans were approved by the Vanderburgh County Commissioners on June 18, 2013.

Waterline and Sanitary Sewer Plans were approved by the Evansville Water and Sewer Utility on August 1, 2013.

General Notes

Utilities: Potable Water and Sanitary Sewer available by Evansville Water and Sewer Utility is available at the site and will be extended to all lots.
 Electric and Gas will be provided by Vectren Energy Delivery.
 Telephone service will be provided by AT&T.

Road Grades: Maximum road grades will not exceed 5%.

Basements: The Vanderburgh County Building Commissioner must approve all basements.

Flood Plain Data: No portion of the proposed subdivision lies within the boundaries of the 100 year flood zone as plotted by scale on Flood Insurance Rate Map for Vanderburgh County, Indiana, Community Panel Number 175 of 275, Map Number 18163C0175D, dated March 17, 2011.

Access: All lots shall access interior streets only except for Lots 38 & 39 which shall have access from Feilstead Road.

Storm Drainage Maintenance: The individual lot owner(s) shall be responsible, including financially, for maintaining that part of the storm water drainage system and its easements which exist on his or her property in proper working order including:

1. Mowing grass, controlling weeds and maintaining the designed cover of the waterways, storage basins, and easements in accordance with applicable ordinances.
2. Keeping all parts of the storm water drainage system operating as designed and constructed; and free of all trash, debris, and obstructions to the flow of water.
3. Keeping the channels, embankments, shorelines, and bottoms of waterways and basins free of all erosion and sedimentation.
4. Maintaining that part of the storm water drainage system which lies on his or her property in accordance with the conditions described on the approved street and/or drainage plans on file in the County Surveyor's Office, and in compliance with the County Drainage Ordinance.
5. Preventing all persons or parties from causing any unauthorized alterations, obstructions, or detrimental actions from occurring to any part of the storm water drainage system and easement which lies on his or her property.
6. Vanderburgh County will pay the cost of repairing structural failures in the storm sewer pipes, pipe collars, drop boxes, aprons, inlets, manholes, junction boxes, and the piped or paved outlet structures of the storm water control basins all of which are parts of the approved and constructed storm water drainage system shown on the as-built plans for this subdivision, and which are in permanent drainage easements and outside of the county approved road rights-of-way as shown on the plat of this subdivision.
7. Notice: Any pipe, fence, wall, building, pool, patio, planting, stored material, excavation, fill, or other construction, improvement, addition to, or alteration of the land within a drainage easement in this subdivision requires the prior written approval of the County Drainage Board.

Temporary Erosion Control (during construction):

For subdivisions where the land disturbance is in excess of one acre, a Storm Water Pollution Prevention Plan must be submitted in accordance with Vanderburgh County Code Title 13.05 "Construction Site Storm Water Runoff Control". All temporary and permanent erosion control measures must be implemented as described in the Storm Water Pollution Prevention Plan for the project site. For subdivision where the land disturbance is less than one acre, temporary stabilization as described in section 13.05.11C.16 of the Vanderburgh County Code must be provided if unvegetated areas are scheduled or likely to be left inactive for 15 days or more. When land disturbing activities have been completed, final stabilization shall be completed as described in section 13.05.11C.20 of the Vanderburgh County Code.

Property Corner Markers: All corners not already monumented will be monumented with a 5/8" diameter iron rod with plastic cap stamped "Morley & Assoc. I.D. #0023."

Classified Forest: The classified forest areas affecting portions of this plat, have been removed per instrument #2013R00012169 as recorded in Vanderburgh County records office.

Area Plan Commission Certificate

Under the authority provided by the Acts of 1981, Public Law #309, and enacted by the General Assembly of the State of Indiana, this plat has been given PRIMARY APPROVAL by the AREA PLAN COMMISSION OF EVANSVILLE and VANDERBURGH COUNTY at a meeting held on,

June 13, 2013
