 PLAT RELEASE DATE: AUG. 31, 2016

OWNER'S CERTIFICATE
 The undersigned owners of the real estate shown and described hereon do hereby plat and subdivide said real estate as shown and designate the same as **HECKEL ROAD COMMERCIAL** subdivision. All road Right of Way shown and not previously dedicated is hereby dedicated for public use.

Strips or areas of land, of the dimensions shown on this plat and marked "P.U.E." (Public Utility Easement), are hereby dedicated to public utilities for the installation, maintenance, operation, enlargement and repair of utility facilities, whether above ground or below ground, with the right to trim or remove, at the discretion of the public utility, trees, overhanging branches, bushes, underbrush and obstructions. No structures other than such utility facilities shall be located within said areas of land and any fence located within said areas of land is subject to removal by a public utility without liability in the use of said easements by said utility.

Strips or areas of land, of the dimensions shown on this plat and marked "D.&U.G.P.U.E." (Drainage & Underground Public Utility Easement) are hereby dedicated for conveyance of surface water and/or subsurface water drainage and for the maintenance and operation of underground portions of public utility facilities, including flush with surface level manholes and vaults that do not impede drainage flow, access along the easement, or mowing and maintenance of the easement. No structures other than such utility facilities or drainage ways or systems shall be located within said areas of land and any fence located within said areas of land is subject to removal by the Drainage Board or a public utility without liability in the use of said easement.

Strips or areas of land, of the dimensions shown on this plat and marked "D.E." (Drainage Easement) are dedicated for conveyance of surface water and/or subsurface water; provided however, that public utilities are hereby permitted to cross such Drainage Easements with utility facilities provided, that such facilities are not placed in such manner as to impede the flow of water. The property owner is responsible for maintenance and erosion control of said easements and shall not place landscaping, earth berms, fences or other obstructions that impede or reduce the flow of water.

Strips or areas of land, of the dimensions shown on this plat and marked "EWSU W.E." (Waterline Easement), are hereby dedicated for the installation, maintenance, operation, enlargement and repair of water line facilities. No structures other than such utility facilities shall be located within said areas of land and any fence located within said areas of land is subject to removal by a public utility, without liability, in the use of said easements by said utility.

Strips of land, of the dimensions shown on this plat and marked "LM&SDE" (Lake Maintenance & Storm Detention Easement), are hereby dedicated for the monitoring and maintenance of the storm drainage lake and maintenance, and storage of storm water. Any alterations to the lake within these easements must have the approval of the Drainage Board. Fences may not be extended into the Lake Maintenance and Storm Detention Easement.

All easements are dedicated with the right of ingress and egress over the lots within this subdivision to and from said easements for necessary construction, maintenance or reconstruction.

Jacqueline A. Johnston by Maria A. Bulkeley
 Owner: J J Brodi, LLC
 6340 Lincoln Avenue
 Evansville, Indiana 47715
 Jacqueline L. Johnston, Registered Agent and Authorized Member by Maria L. Bulkeley under Power of Attorney recorded as Instrument Number 2016R00022075 in the Office of the Vanderburgh County Recorder.

GENERAL NOTES

Flood Plain Data: Per F.I.R.M. panel number 18163C0140D, dated MARCH 17, 2011, Vanderburgh County, Indiana, all of the subdivision lies within the designated 100 year flood zone "AE". The Base Flood Elevation (BFE) is 384.00.

Minimum First Floor Elevations: Were established by the Vanderburgh County Building Commissioner and are as shown.

Basements: Any basements must be approved by the Vanderburgh County Building Commissioner.

Utilities: Sanitary sewer, water, gas, telephone and electric are on or will be extended to the site.

Water is provided by the Evansville Water and Sewer Utility and will be extended to all of the proposed lots.

Sewer is provided by the Evansville Water and Sewer Utility and will be extended to all the provided lots.

Gas and Electric is provided by Vectren Energy Delivery of Indiana and will be extended to all of the proposed lots.

Access: None of the Lots shall have access directly onto Green River Road or Heckel Road. All lots shall access the internal roadways. (Vieth &/or Hannie Lane).

Road Grades: Maximum road grades shall not exceed 5%.

Temporary Erosion Control: For subdivisions where the land disturbance is in excess of one acre, a Storm Water Pollution Prevention Plan must be submitted in accordance with Vanderburgh County Code Title 13.05 "Construction Site Storm Water Runoff Control". All temporary and permanent erosion control measures must be implemented as described in the Storm Water Pollution Prevention Plan for the project site. For subdivisions where the land disturbances is less than one acre, temporary stabilization as described in section 13.05.11.C.16 of the Vanderburgh County Code must be provided if unvegetated areas are scheduled or likely to be left inactive for 15 days or more. When land disturbance activities have been completed, final stabilization shall be completed as described in section 13.05.11.C.20 of the Vanderburgh County Code.

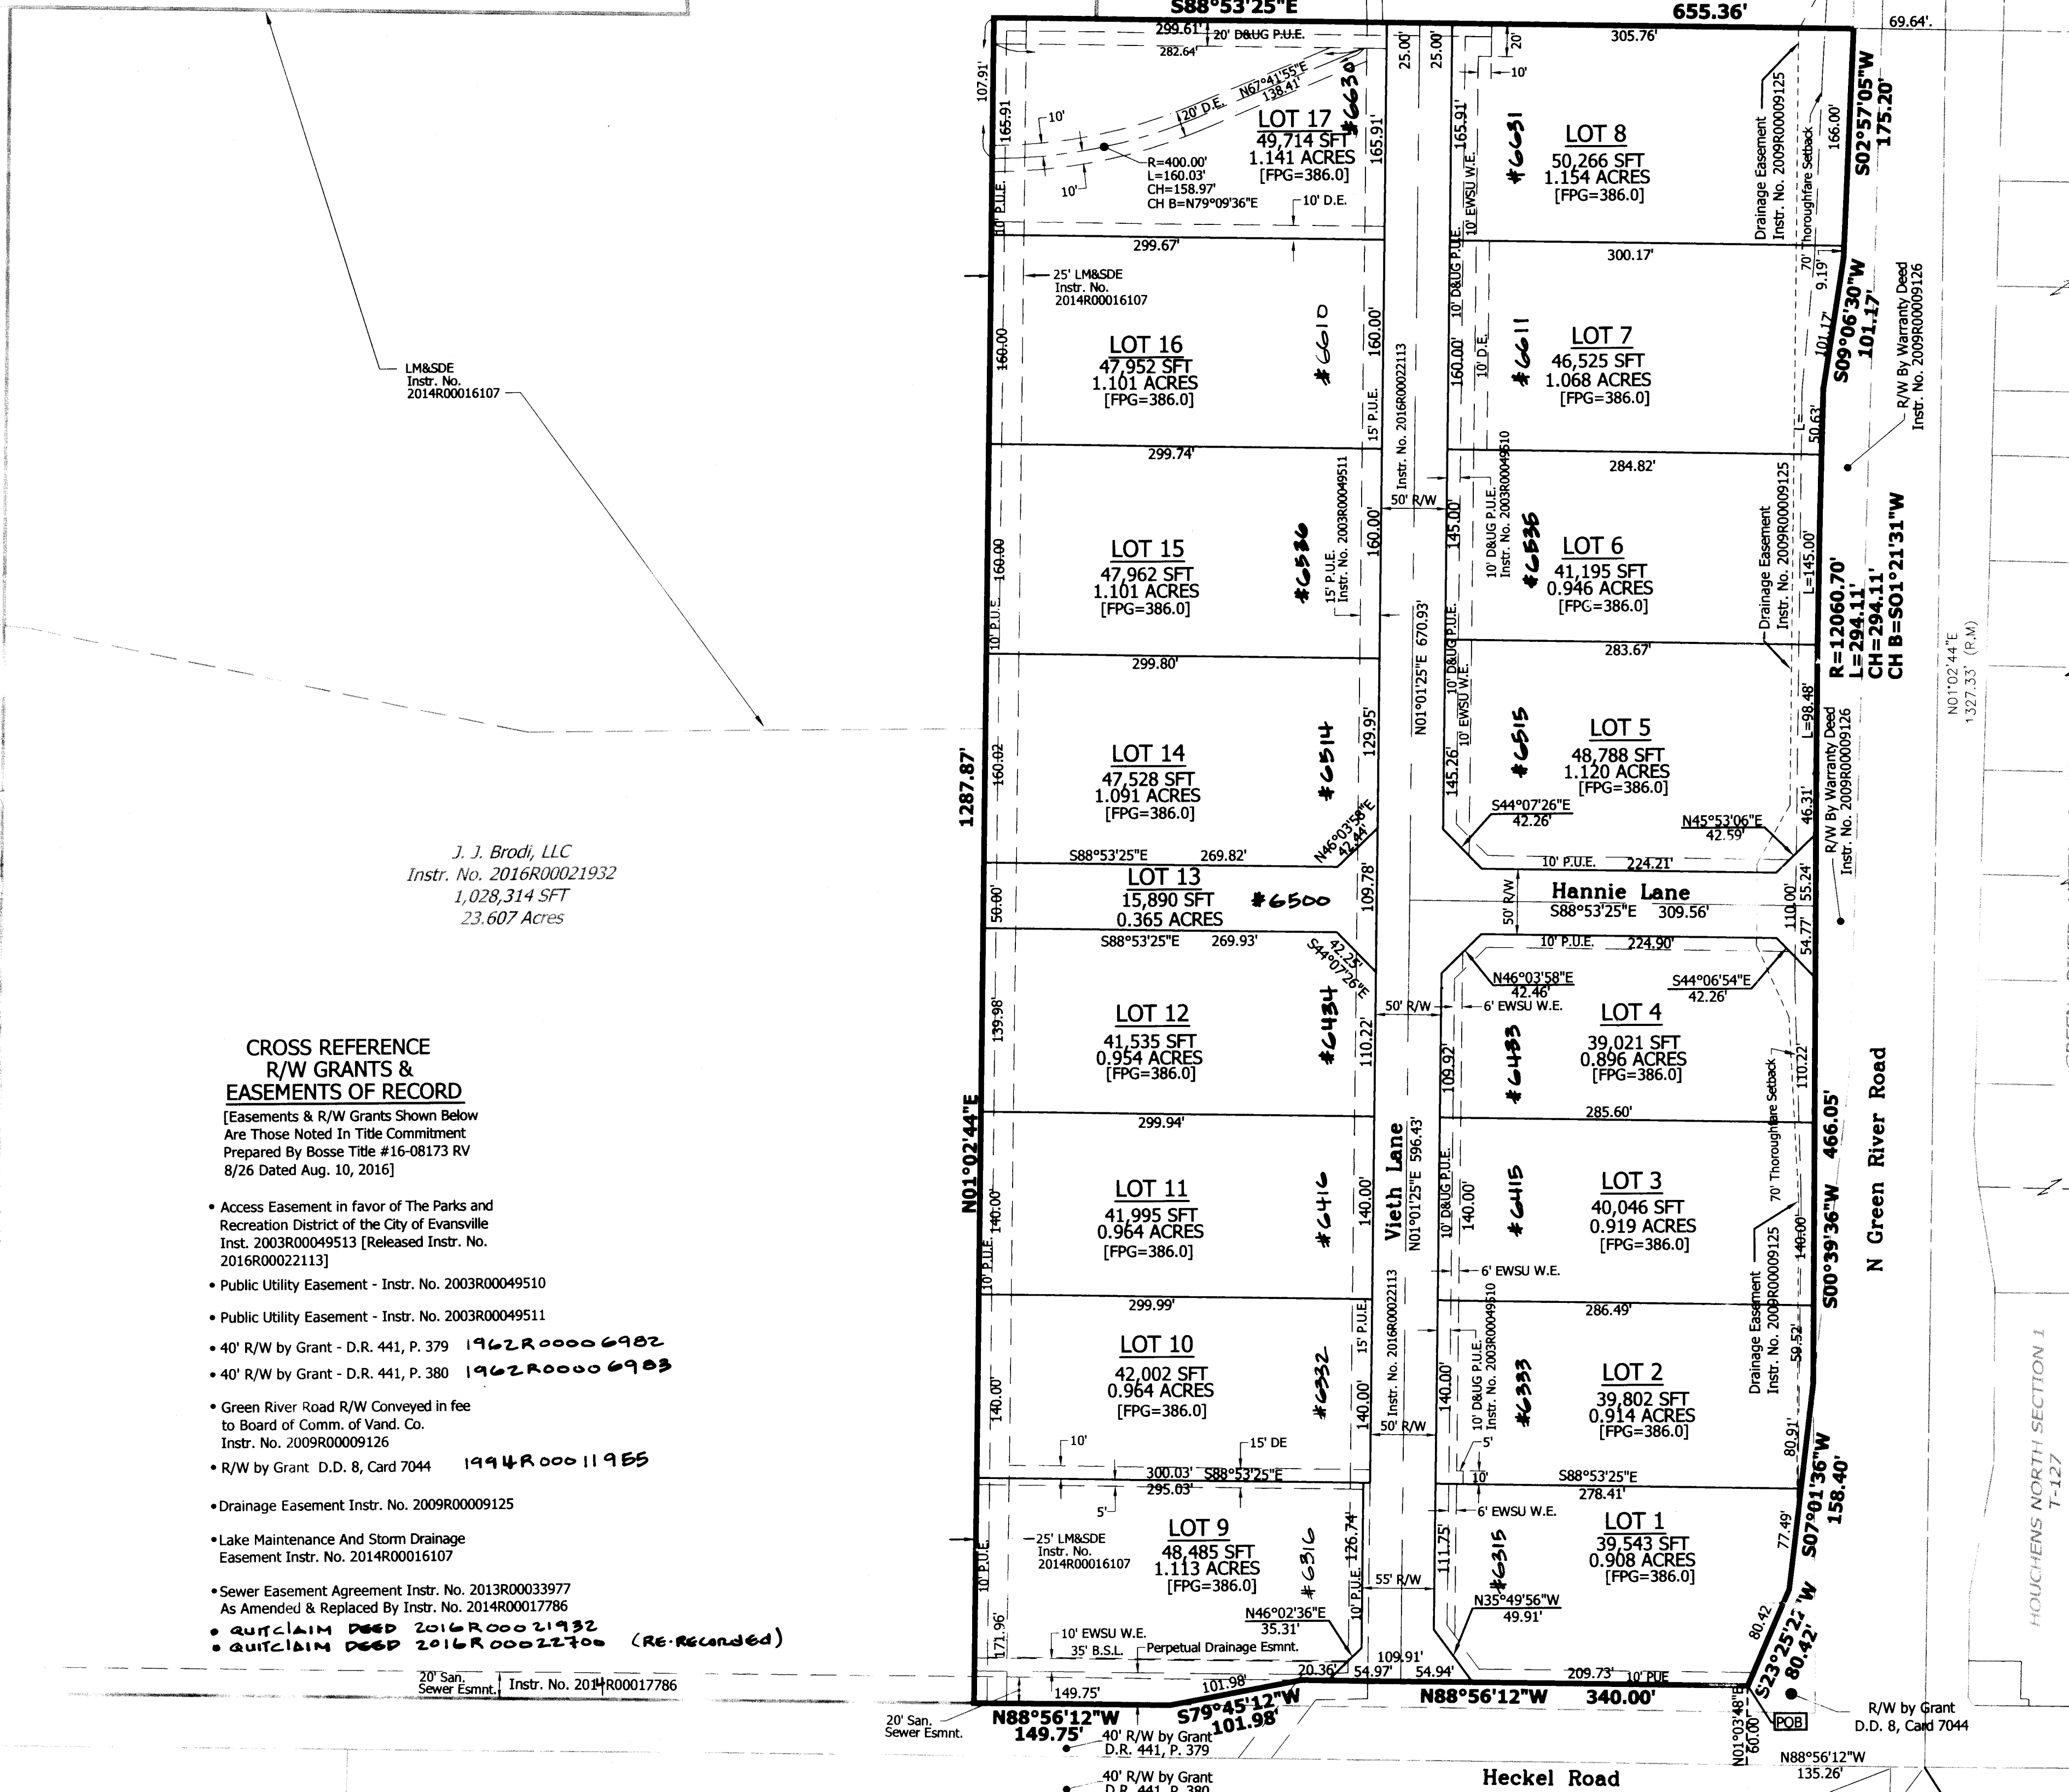

Site Topography: The Site is relatively flat with an average slope of less than 2% from south to north. The elevations throughout range from 381.5 to 375.0.

Compaction Certifications: Within flood zone 'A' the soils engineer shall certify the compaction methods and soil suitability for fill in the area of the building pads and shall delineate lot numbers for those building lots being certified on the site grading plan. Further, the soils engineer shall provide special footing and foundation requirements, if any, based on the soils conditions.

LOMAR-F: A LOMAR-F shall be obtained by Lot owner prior to applying for building permits.

Special Measures: Special measures are required to provide extra crawl space protection, due to ground elevations. Special measures may include water-proofing, installing sump pumps, yard slope in excess of code minimums, etc.

Zoning: The subject property is zoned C-4. All lots in subject property conform to table 'A' of the Vanderburgh County zoning ordinance.
