

Malibu Park IV Subdivision Phase B

OWNERS' CERTIFICATE

The undersigned owner of the real estate shown and described hereon does hereby plat and subdivide said real estate as shown and designates the same as Malibu Park IV Subdivision. All roads shown and not previously dedicated are hereby dedicated to public use. Lots are subject to covenants & restrictions for Malibu Park IV Subdivision. Recorded in MISC. drawer 4, card 7738 in the Office of The Recorder of Vanderburgh County, Indiana.

Strips of ground, of the width shown on this plat and marked "Public Utility Easement", including offsite easements, are hereby dedicated for the installation, maintenance, operation, enlargement, and repair of utility facilities, whether above ground or below ground, with the right to trim or remove, at the discretion of the public utility, trees, overhanging branches, bushes, underbrush, and obstructions. No structures other than such utility facilities shall be erected within said strips of land and any fence located within said strips of land is subject to removal by a public utility without liability in the use of said easements by said utility.

Strips of ground marked "Drainage Easement", including offsite easements, are dedicated for surface water and/or subsurface water, provided, however, that public utilities are hereby permitted to cross such Drainage Easements with utility facilities; and provided that such facilities are not placed in such a manner as to impede the flow of water and further provided that such drainage easements may be used for ingress and egress and temporary staging areas for work by public utilities. Drainage Easements 5 feet wide are located on each side yard shown on this plat unless additional easements are noted.

DRAINAGE MAINTENANCE

The individual lot owner(s) shall be responsible, including financially, for that part of the storm water drainage system and its easements which exists on his or her property, to maintain in proper working order including:

- Mowing grass, controlling weeds, and maintaining the designed cover in the waterways, storage basins, and easements in accordance with applicable ordinances.
- Keeping all parts of the storm water drainage system operation as designed and constructed, and free of all trash, debris, and obstructions to the flow of water.
- Keeping the channels, embankments, shorelines, and bottoms of waterways and basins free of all erosion and sedimentation.
- Maintaining that part of the storm water drainage system which lies on his or her property in accordance with the conditions described on the approved street and/or drainage plans on file in the County Surveyor's Office, and/or in the County Engineer's Office, and in compliance with the County Drainage Ordinance.
- Preventing all persons or parties from causing any unauthorized alterations, obstructions, or detrimental actions from occurring to any part of the storm water drainage system and easement which lies on his or her property.
- The Repair Fund established for this Project will pay the cost of repairing structural failures in the storm sewer pipes, pipe collars, drop boxes, and the piped or paved outlet structures of the storm water control basins all of which are part of the approved and constructed storm water drainage system shown on the as-built plans for this subdivision, and which are in drainage easements and outside of the county accepted road rights-of-way as shown on the plat of this subdivision.
- NOTE: Any pipe, fence, wall, building, pool, patio, planting, stored material, excavation, fill, or other construction, improvement, addition to or alteration of the land, within a drainage easement in this subdivision requires the prior written approval of the county Drainage Board.
