

# OLD BOONVILLE HIGHWAY COMMERCIAL PARK SECTION 2

SCALE 1" = 40'

LOCATION MAP

OLD BOONVILLE HIGHWAY COMMERCIAL PARK PLAT BOOK 0, PAGE 13

### BOUNDARY DESCRIPTION

Part of the West Half of the Southeast Quarter of Section 13, Township 6 South, Range 10 West in Vanderburgh County, Indiana being more particularly described by metes and bounds as follows: Commencing at the northwest corner of the southwest quarter of the southeast quarter of Section 13, Township 6 South, Range 10 West; thence along the west line thereof south 611.84 feet to the centerline of State Road 62 (F Project 79X(1)); thence along the centerline thereof north 74 degrees 51 minutes 00 seconds east 187.81 feet; thence north 00 degrees 23 minutes 00 seconds east 841.15 feet to the true point of beginning; thence continue north 00 degrees 23 minutes 00 seconds east 588.83 feet to the center of Old Boonville Highway; thence along the center thereof north 57 degrees 49 minutes 00 seconds east 391.60 feet; thence continue along the center of Old Boonville Highway north 49 degrees 39 minutes 59 seconds east 119.27 feet; thence south 00 degrees 23 minutes 00 seconds east 677.43 feet; thence north 89 degrees 37 minutes 00 seconds west 420.43 feet to the point of beginning, containing 7.00 acres gross (6.65 acres net after the deduction for the right-of-way for Old Boonville Highway)

### GENERAL NOTES

Green Spaces and Setback Requirements: Lots 1, 2 and 5 contain existing structures prior to the effective date of this plat and therefore do not meet some setback, green space or curb cut requirements which would be required after this plat is recorded. These lots received Improvement Location Permits for existing structures. Any additions to the existing structures are required to meet current code requirements, but would not nullify any entrance or paving as shown on the plat. Flood Plain Data: Part of the proposed subdivision is within the Special Flood Hazard Zone A as shown on Community Panel No. 180256 and 180256 0050 B of the Flood Insurance Rate Maps for Vanderburgh County, Indiana, dated 3/19/92. The affected area is denoted thereon. The 100 year flood elevation is 384 M.S.L. Flood Protection Grade: Minimum elevation of structures denoted on each lot as F.P.G. - 384. Basements: Any basements must be approved by the Vanderburgh County Building Commissioner. Utilities: Municipal water and sanitary sewers are available at the site and will be extended throughout the development. Road Grades: Maximum road grades will not exceed 3%. Zoning: The subject property is currently zoned M-1. The abutting property is currently zoned as shown. Temporary Erosion Control: (during construction) Slopes of 0% to 6% shall be mulched and seeded with a cover crop, i.e., rye, red top, or wheat within 45 days of disturbance of soil and must remain in place until final grading and shaping. Slopes of more than 6% shall be mulched and seeded and shall have straw bales and/or erosion blankets in place within 45 days of disturbance of soil and must remain in place until final grading and shaping. Erosion Control for Ditches: Slopes of 0% to 2% shall be mulched and seeded within 45 days of disturbance. Slopes 2% to 6% shall be sodded or stabilized with an erosion control mat at completion of ditch grading. Slopes over 6% require riprap or other approved stabilization at completion of ditch grading if the total ditch length at that point is greater than 100 feet.

### OWNER'S CERTIFICATE

Robert G. Woodward and Hal-Tuc, Inc., the undersigned owners of the real estate shown and described hereon, do hereby lay off, plat and subdivide said real estate as shown hereon and designate it as OLD BOONVILLE HIGHWAY COMMERCIAL PARK SECTION 2. All easements shown are hereby dedicated to public use for public utility service to lots within the subdivision and/or for storm water drainage. All roadways shown and not previously dedicated are hereby dedicated to public use. Strips or areas of land, of the dimensions shown on this plat and marked "P.U.E." (Public Utility Easement), are hereby dedicated to public utilities for the installation, maintenance, operation, enlargement and repair of utility facilities, whether above ground or below ground, with the right to trim or remove, at the discretion of the public utility, trees, overhanging branches, bushes, underbrush and obstructions. No structures other than such utility facilities shall be located within said areas of land and any fence located within said areas of land is subject to removal by a public utility without liability in the use of said easements by said utility. Strips or areas of land, of the dimensions shown on this plat and marked "D.E." (Drainage Easement) are dedicated for conveyance of surface water and/or subsurface water; provided, however, that public utilities are hereby permitted to cross such Drainage Easements with utility facilities provided, that such facilities are not placed in such manner as to impede the flow of water and further provided that such Drainage Easements may be used for ingress, egress and temporary staging areas for work by public utility so long as any damage caused to a drainage facility is repaired by the utility company. The property owner is responsible for maintenance and erosion control of said easements and shall not place landscaping, earth forms, fences or other obstructions that impede or reduce the flow of water. All easements are dedicated with the right of ingress and egress over the lots within this subdivision to and from said easements for necessary construction, maintenance or reconstruction. The Drainage Board or utility exercising such right of ingress and egress shall take care not to disturb property and shall be liable for any direct damages outside the easements. Evansville Tool & Engineering, Inc. DEED DRAWER 3, CARD 9640 6-45-15 6-45-20
