VALLEY DOWNS SUBDIVISION
PLAT BOOK K, PAGE 151

EVANSVILLE DAY SCHOOL

General Notes

Zoning: The subject property is zoned AG; abutting property is zoned as shown.

Flood Plain Data: Per F.I.R.M. Panel Number 180256 0025 C, dated August 5, 1991, Vanderburgh County, Indiana, no portion of the subdivision lies within the designated 100 year flood zone.

Utilities: Sanitary sewer services have been extended to site.

Temporary Erosion Control: (during construction)

Slopes of 0% to 6% shall be mulched and seeded with a cover crop, i.e., rye, red top, or wheat, within forty-five (45) days of disturbance of soil, which must remain in place until final grading and shaping.

Slopes of more than 6% shall be mulched and seeded and shall have straw bales and/or erosion blankets in place within five (5) days of disturbance of soil which must remain in place until final grading and seeding.

Erosion Control for Ditches:

Slopes of 0% to 2% shall be mulched and seeded within 45 days of disturbance. Slopes of 2% to 8% shall be sodded or stabilized with an erosion control mat at completion of ditch grading.

Slopes over 8% require riprap or other approved stabilization at completion of ditch grading if the total ditch length at that point is greater than 100 feet.

General Notes

Minimum First Floor Elevation: First Floor Grades shall be set to allow for proper drainage around houses. All First Floor Grades shall conform to all Local and State enforced building codes.

Basements: Any basements must be approved by the Vanderburgh County Building Commissioner.

Public Utility and Drainage Easement: Above ground parts of public utilities are not to be located within the banks of the drainage swales or ditches. Sewer manholes are to be located back of the top of bank of the drainage swales.

Water Detention Requirements: No requirements for this site.

Bench Mark Data

BM#1 - Northeast Headbolt on Fire Hydrant at Southwest corner of Stockwell Road and Deer Trail. Elev. = 385.87

BM#2 - 5/8" Iron Rod in Centerline of Stockwell Road approx. 38' south of the north end of this phase. Elev. = 382.21

Owner's Certificate

The undersigned owner of the real estate shown and described herein does hereby plat and subdivide said real estate as shown and designates the same as THE PINES AT TIMBER PARK PHASE 2. All roads shown and not previously dedicated are hereby dedicated hereby dedicated to public use.

Strips of ground, of the width shown on this plat and marked "Public Utility Easement", are hereby dedicated for the installation, maintenance, operation, enlargement and repair of utility and storm sewer facilities, whether above ground or below ground with the right to trim or remove, at the discretion of the public utility, trees, overhanging branches, bushes, underbrush and obstructions. No structures other than such utility facilities shall be erected within said strips of land and any fence located within said strips of land is subject to removal by a public utility without liability in the use of said easements by said

Strips of ground marked "Drainage Easement" are dedicated for surface water and/or subsurface water; provided, however, that public utilities are hereby permitted to cross such Drainage Easements with utility facilities; and provided that such facilities are not placed in such manner as to impede the flow of water and further provided that such drainage easements may be used for ingress and egress and temporary staging areas for work by public utilities.
