Q-159

GENERAL NOTES

- Zoning:** The subject property is zoned R-3. All IGLs conform to Table A of Vanderburgh County Zoning Codes.
- Utilities:** Sanitary sewer, water, gas, electric, and telephone are available on-site.
- Flood Plain Data:** A portion of this property lies within the 100 year flood zone (Zone A) as said property plots by scale on the Flood Insurance Rate Map (FIRM) Community Panel 180256 0025 C, dated August 5, 1991.
- Lot Drainage:** Individual lot owners are responsible to construct and maintain respective lot grades in such a manner as to allow stormwater runoff from abutting lots to flow freely to drainage swales or street curbs.
- Temporary Erosion Control:** (during construction)
 - Slopes of 0% - 6% shall be mulched and seeded with a cover crop, i.e., rye, red top, or wheat, within forty-five (45) days of disturbance of soil, which must remain in place until final grading and shaping.
 - Slopes of more than 6% shall be mulched and seeded and shall have straw bales and/or erosion blankets in place within five (5) days of disturbance of soil which must remain in place until final grading and seeding.
- Erosion Control for Ditches:**
 - Slopes of 0% - 2% shall be mulched and seeded within forty-five (45) days of disturbance.
 - Slopes of 2% - 8% shall be sodded or stabilized with an erosion control mat at completion of ditch grading.
 - Slopes over 8% require riprap or other approved stabilization at completion of ditch grading if the total ditch length at that point is greater than 100 feet.
- Storm Drainage Maintenance:** The individual lot owner(s) shall be responsible, including financially, for maintaining that part of the storm water drainage system and its easements which exist in his or her property in proper working order including:
 - A. Mowing grass, controlling weeds and maintaining the designed cover of the waterways, storage basins, and easements in accordance with applicable ordinances.
 - B. Keeping all parts of the storm water drainage system operating as designed and constructed, and free of all trash, debris, and obstructions to the flow of water.
 - C. Keeping the channels, embankments, shorelines, and bottoms of waterways and basins free of all erosion and sedimentation.
 - D. Maintaining that part of the storm water drainage system which lies on his or her property in accordance with the conditions described on the approved street and/or drainage plans on file in the City Engineer's Office, and in compliance with the County Drainage Ordinance.
 - E. Preventing all persons or parties from causing any unauthorized alterations, obstructions, or detrimental actions from occurring to any part of the storm water drainage system and easement which lies on his or her property.
 - F. Notice: Any pipe, fence, wall, building, pool, patio, planting, stored material, excavation, fill, or other construction, improvement, addition to, or alteration of the land within a drainage easement in this subdivision requires the prior written approval of the Board of Public Works.
- Property Corner Markers:** All corners not currently marked will be marked with a 5/8" iron rod with a plastic cap labeled "RIS 900007".
- Outlot "A" Maintenance:** The maintenance of Outlot "A", Common Area, Park, Non-Buildable Lot; shall be the responsibility of the Amhearth Manor Homeowners Association as recorded in Misc. Dr. 6, Cd. 5644.
- Earthfill:** Portions of this site have been filled in accordance with acceptable industry standards, and houses may be placed on this fill.
- Special Measures:** Special measures are required to provide extra crawl space protection due to ground elevations. Special measures may include waterproofing, installing sump pumps, yard slopes in excess of code minimums, etc.

OWNERS CERTIFICATE

The undersigned owners of the real estate shown, and described herein, does hereby plat and subdivide said real estate as shown and designates the same as REPLAT OF LOTS 71, 72 & 73 IN AMHEARST MANOR, SECTION II, PHASE I.
Strips or areas of land, of the dimensions shown on this plat and marked "Public Utility (PUE) Easement", are hereby dedicated for the installation, maintenance, operation, enlargement, and repair of utility facilities, whether above ground or below ground, with the right to trim or remove, at the discretion of the public utility, trees, overhanging branches, bushes, underbrush, and obstructions. No structures other than such utility facilities shall be erected within said areas of land and any fence located within said areas of land is subject to removal by a public utility without liability in the use of said easements by said utility.

Strips or areas of land marked "Drainage (DE) Easement" are dedicated for conveyance of surface water and/or subsurface water, provided, however, that public utilities are hereby permitted to cross, underground only, such Drainage Easements with utility facilities, and provided that such facilities are not placed in such a manner as to impede the flow of water and further provided that such drainage easements may be used for ingress and egress and temporary staging areas for work by public utilities, so long as any damage caused to the designed facility is repaired by the utility company equal to the design standards.

Areas of land marked "Lake Maintenance Easement" (LME) are dedicated for the maintenance dedicated for the maintenance of the storm lake. Any major alterations to the land within these easements must have the approval of the Board of Public Works. Fences may not be extended across the Lake Maintenance Easement.

Strips or areas of land of the dimensions shown on this plat and marked "DRAINAGE" (Drainage and Underground Public Utility Easement) are dedicated for conveyance of surface water and/or subsurface water drainage and for the maintenance and operation or underground portions of public utility facilities, including flush with surface level manholes and vaults that do not impede drainage flow, access along the easement, or mowing and maintenance of the easement. No structure other than such utility facilities or drainage ways or systems shall be located within said areas of land and any fence located within said areas of land is subject to removal by Board of Public Works or a public utility without liability, in the use of said easements.

All easements are dedicated with the right of ingress and egress over the lots within this subdivision to and from said easements for necessary construction, maintenance, or reconstruction.
