Owner's Certificate

The undersigned owners of the real estate shown and described hereon does hereby plot and subdivide said real estate as shown and designates the same as BROOKVIEW HEIGHTS SECTION V. All roads shown and not previously dedicated are hereby dedicated to public use.

Strips of ground, of the width shown on this plat and marked "Public Utility Easement", are hereby dedicated for the installation, maintenance, operation, enlargement and repair of utility facilities, whether above ground or below ground, with the right to trim or remove, at the discretion of the public utility, trees, overhanging branches, bushes, underbrush and obstructions. No structures other than such utility facilities shall be erected within said strips of land and any fence located within said strips of land is subject to removal by a public utility without liability in the use of said easements by said utility.

Strips of ground marked "Drainage Easement" are dedicated for surface water and/or subsurface water; provided, however, that public utilities are hereby permitted to cross such Drainage Easements with utility facilities; and provided that such facilities are not placed in such manner as to impede the flow of water and further provided that such drainage easements may be used for ingress and egress and temporary staging areas for work by public utilities. Drainage easements 5 foot wide are located on each side yard shown on this plat unless additional easements are noted.

Strips of ground marked "Public Utility and Drainage Easement" are dedicated for surface and/or subsurface water drainage in addition to public utilities provided, however, that no above ground parts of such utility facilities shall be placed within the banks of drainage ditches or swales in such manner as to impede the flow of water.

General Notes

Zoning: The subject property and all adjacent property is zoned Agricultural.

Flood Plain Data: Per F.I.R.M. Panel Number 180256 0025 C, dated August 5, 1991, Vanderburgh County, Indiana, some portions of the subdivision lie within the designated 100 year flood zone. Per FEMA letter dated July 10, 1990 and recorded in Miscellaneous File 3, Card 5294, in the office of the Recorder of Vanderburgh County, Indiana, the 100 year flood elevation for this area is U.S.G.S. elevation 397.00. Per FEMA letter of Map Revisions (LOMR), dated September 14, 1992, the portions of this Subdivision affected by the 100 Year discharge (Zone A) is reduced to the southernmost portions of Lots 122, 123 and 124 only. Further, the 100 Year discharge is stated to be "...contained in channel".

For Indiana Department of Natural Resources requirements, the elevation 397.00. The lowest floor elevations of any enclosed space (including garage) must be at least two feet above the 100 year flood elevation. This minimum floor elevation is called Flood Protection Grade (FPG). Additional information may be obtained from the Vanderburgh County Building Commissioner.

Utilities: Sewer, water, gas, telephone and electric are available at the site.

Road Grades: Maximum road grades shall not exceed 10.8%.

Minimum First Floor Elevation: First floor grades shall be set to allow for proper drainage around houses. All first floor grades shall conform to local and state enforced building codes.

Temporary Erosion Control: (during construction)

Slopes of 0%-6% shall be mulched and seeded with a cover crop, i.e., rye, red top, or wheat, within forty-five (45) days of disturbance of soil, which must remain in place until final grading and shaping.

Slopes of more than 6% shall be mulched and seeded and shall have straw bales and/or erosion blankets in place within five (5) days of disturbance of soil which must remain in place until final grading and seeding.

Erosion Control for Ditches:

Slopes of 0% - 2% shall be mulched and seeded within 45 days of disturbance.

Slopes of 2% to 8% shall be sodded or stabilized with an erosion control mat at completion of ditch grading.

Slopes over 8% require riprap or other approved stabilization at completion of ditch grading if the total ditch length at that point is greater than 100 feet.

Easements: All easements, unless otherwise indicated, are public utility and drainage easements. All easement widths are shown hereon.
