Owners Certificate

The undersigned owners of the real estate shown and described hereon do hereby plat and subdivide said real estate as shown and designate the same as Replat Lot 3, Carneal Commercial Subdivision Section 1 as recorded in Plat Book O, page 45. All roads shown and not previously dedicated are hereby dedicated to public use.

Strips or areas of land, of the dimensions shown on this plat and marked "P.U.E." (Public Utility Easement), are hereby dedicated to public utilities for the installation, maintenance, operation, enlargement and repair of utility facilities, whether above ground or below ground, with the right to trim or remove, at the discretion of the public utility, trees, overhanging branches, bushes, underbrush and obstructions. No structures other than such utility facilities shall be located within said areas of land and any fence located within said areas of land is subject to removal by a public utility without liability in the use of said easements by said utility.

GENERAL NOTES

- Utilities: Water and sanitary sewers are available at the site.
- Basements: Any basements must be approved by the Vanderburgh County Building Commissioner.
- Zoning: The subject property is currently zoned C-2.
- Flood Plain Data: No portion of the proposed subdivision lies within the boundaries of the 100 year flood zone as plotted by scale on Flood Insurance Rate Map for Vanderburgh County Indiana, Community Panel Number 180256 0050 B, dated March 19, 1982.
- Access: Lot 3A shall access Riverside Drive, Lot 3B is currently utilized as Residential use. When Lot 3B is changed to Commercial use access shall be from the roadway to be constructed on the east line of said lot. No access to Green River Road.
- Erosion Control: The Developer, Development Contractor and all Lot Owners or anyone working with or dist shall comply with the "Erosion Control Plan" and any other as filed with the County Drainage Board and the Soil Conservation District, and with all Federal, State and local erosion control laws.
- Temporary Erosion Control of Disturbed Areas: Slopes of 0% to 2% shall be mulched and seeded with a cover crop, i.e., rye, red top, or wheat, within forty-five (45) days of disturbance of soil, which must remain in place until final grading and shaping. Slopes of more than 2% shall be mulched and seeded and shall have silt fence, straw bales and/or erosion blankets in place within five (5) days of disturbance of soil which must remain in place until final grading and seeding.
- Erosion Control for Ditches: Slopes of 0% to 2% shall be seeded and mulched within 45 days of disturbance. Slopes of 2% to 8% shall be sodded or stabilized with an erosion control mat at completion of ditch grading. Slopes over 8% require riprap or other approved stabilization at completion of ditch grading if the total ditch length at that point is greater than 100 feet.
- Property Corner Markers: All corners not already marked will be marked with a 5/8" diameter iron rod with plastic cap stamped "Morley and Associates, Inc. I.D. No. 0023."
