OWNER'S CERTIFICATE
 The undersigned owners of the real estate shown and described hereon do hereby plat and subdivide said real estate as shown and designate the same as Creekside Meadows, Section 3, Phase 2. All road rights-of-ways shown and not previously dedicated are hereby dedicated to public use.

Strips or areas of land, of the dimensions shown on this plat and marked "P.U.E." (Public Utility Easement), are hereby dedicated to public utilities for the installation, maintenance, operation, engagement and repair of utility facilities, whether above ground or below ground, with the right to trim or remove, at the discretion of the public utility, trees, overhanging branches, bushes, underbrush and obstructions. No buildings or similar structures, other than such utility facilities, can be located within said areas of land. Any fence located within said areas of land is subject to removal by a public utility without liability in the use of said easements by said utility.

Strips or areas of land, of the dimensions shown on this plat and marked "D.E." (Drainage Easement) are dedicated for conveyance of surface water and/or subsurface water; provided however, that public utilities are hereby permitted to cross such Drainage Easements with utility facilities provided, that such facilities are not placed in such manner as to impede the flow of water and further provided that such Drainage Easements may be used for ingress, egress and temporary staging areas for work by public utility so long as any damage caused to a drainage facility is repaired by the utility company. The property owner is responsible for maintenance and erosion control of said easements and shall not place landscaping, earth berms, fences or other obstructions that impede or reduce the flow of water.

All easements are dedicated with the right of ingress and egress over the lots within this subdivision to and from said easements for necessary construction, maintenance or reconstruction.

GENERAL NOTES

Utilities: Gas, Electric, Water and Sanitary Sewer utilities will be extended to the site.

Access: All lots shall access interior streets only.

Flood: According to the Flood Insurance Rate Maps for Vanderburgh County, Indiana, Community Panel Number 1896CCH300, dated March 17, 2011, the subject property does not lie within the limits of the 100-year flood zone "A".

Basement: Any basement must be approved by the Vanderburgh County Building Commission.

Grades: First floor grades shall be set to allow for proper drainage away from houses. All first floor grades shall conform to local and state enforced building codes.

Storm Maintenance: Per Plan B of the County Drainage Ordinance, the individual lot owners shall be responsible, including financially, for maintaining that part of the storm water system and its easements which exist on his or her property in proper working order including:

- Mowing grass, controlling weeds, and maintaining the designed cover of waterways, storage basins, and easements in accordance with all applicable ordinances.
- Keeping all parts of the storm water system operating as designed and as constructed and free of all trash, debris, and obstructions to the flow of water.
- Keeping the channels, embankments, shorelines and bottoms of waterways and basins free from erosion and sedimentation.
- Maintaining that part of the storm water system which lies on his or her property in accordance with the conditions described on the approved street and/or drainage plans on file in the County Surveyor's Office and/or in the County Engineer's Office, and in compliance with the County Drainage Ordinance.
- Preventing all persons or parties from causing any unauthorized alterations, obstructions or detrimental actions from occurring to any part of the storm water system and easement which lies on his or her property.
- The Repair Fund established for this project will pay the costs of repairing structural failure in the storm sewer pipes, pipe collars, drop boxes, aprons, inlets, manholes, junction boxes and the piped or paved outlet structures of the storm water control basins, all of which are part of the approved and constructed storm water system shown on the as-built plans for this subdivision and which are in drainage easements and outside of the county accepted road right-of-way shown on this subdivision plat.
- Any pipe, fence wall, building, pool, patio, planting, stored material, excavation, fill or other construction, improvement, addition to, or alteration of the land within a drainage easement in this subdivision requires the prior written approval of the County Drainage Board.

Erosion: The developer, development contractor, builders, and all lot owners or anyone working with disturbed earth shall comply with the "Erosion Control Plan" and any amendments as filed with the County Drainage Board and the Soil and Water Conservation District and with all Federal, State and Local erosion control laws.

Slopes of 0% to 6% shall be mulched and seeded with a cover crop, i.e. ryegrass, red top or wheat, within 45 days of disturbance of the soil, which must remain in place until final grading and shaping. Slopes more than 6% shall be mulched and seeded and shall have an erosion control blanket and/or erosion control blankets in place within 5 days of disturbance of the soil which must remain in place until final grading and seeding.

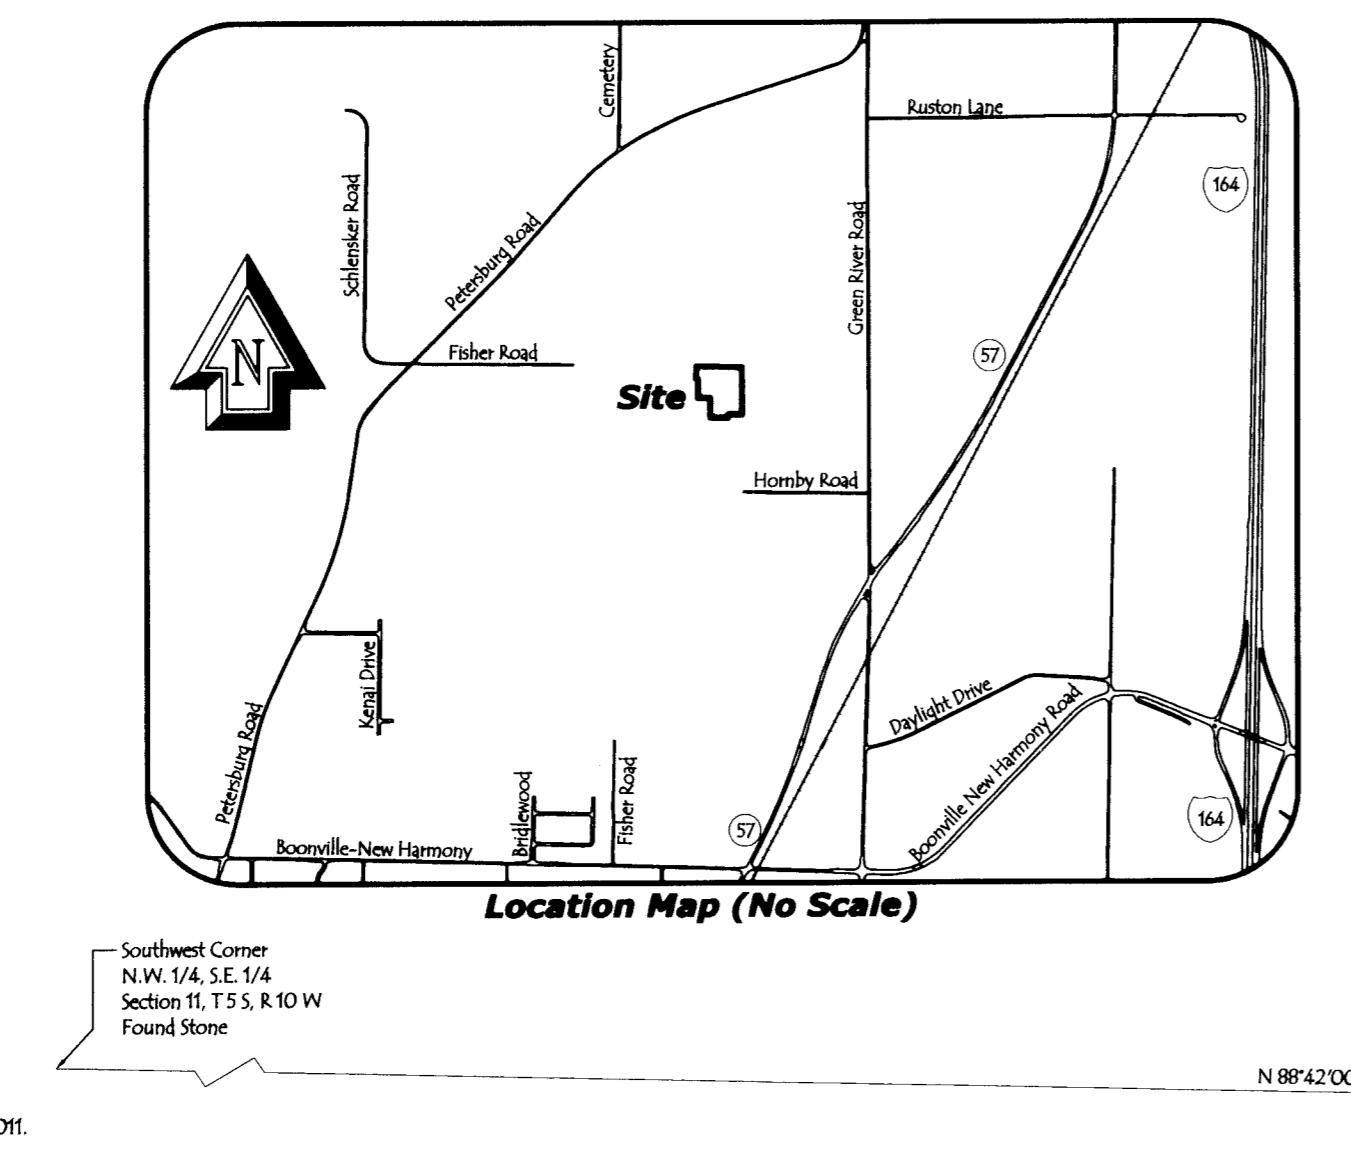

Ditch slopes of 0% to 2% shall be mulched and seeded within 45 days of disturbance. Ditch slopes of 2% to 8% shall be sodded and/or stabilized with an erosion control blanket at completion of grading.

Ditch slopes greater than 8% for a ditch length of 100 feet or more, shall require rip-rap or other approved stabilization at the completion of grading.

Survey: Bearings shown on this plat are based on the primary plat of Creekside Meadows, which was approved in March 2005.

Monuments: Monuments either exist as noted or have been set at all exterior boundary corners and interior lot corners. Monuments set are 5/8" Rebar with plastic cap stamped "Cash Waggoner & Associates #0096".
