OWNER'S CERTIFICATE

The undersigned Owner of the real estate shown and described hereon, does hereby layoff, plat, and divide said real estate as shown and designates it as CROSS POINTE - SECTION 1. All easements shown are hereby dedicated to public use for public utility facilities, and for storm water drainage to and through the subdivision. Cross Pointe Boulevard, as shown upon the plat is hereby dedicated as a public right-of-way street. All other streets and roadways shown upon the plat are reserved as private streets and roadways to be retained and maintained by the Owner and its successors and assigns until Owner, its successors and assigns, shall resolve to dedicate said remaining streets and roadways, or certain of them, to the public, and further until such streets and roadways are accepted for maintenance by the appropriate governmental authorities, provided, however, that a perpetual easement in favor of all public utilities is hereby created across and under said roadways for the purpose of constructing, reconstructing, locating, relocating, maintaining and replacing public utility facilities situated in and over said private streets and roadways and a perpetual easement is hereby further created upon and over said private streets and roadways for the purpose of permitting ingress to and egress from the subdivision to the owners thereof and their business invitees, licensees and guests. The Owner further grants to all owners of lots within the subdivision the right of access to utility services located within said private roadways. The Owner reserves the right to grant further rights of ingress and egress and further utility easements within said private streets and roadways in order to allow ingress to and egress from, and utility services with respect to, other areas beyond this subdivision. The Owner further reserves the right to dedicate the said private streets and roadways and the private access easements to the public at any time.

The Owner further confirms that concurrently herewith, the Owner has dedicated to the public certain rights-of-way for the extension of Cross Pointe Boulevard to the North, and has further dedicated certain right-of-way for the construction of Virginia Street in an east-west direction, which rights-of-way will provide further access to properties immediately to the east and west of Cross Pointe in the event such extensions of Cross Pointe Boulevard and Virginia Street are constructed within said rights-of-way. Such separate grant of rights-of-way relating to extended Cross Pointe Boulevard and Virginia Street are to be recorded in the Office of the Recorder of Vanderburgh County, Indiana, concurrently with the recording of the plat of Cross Pointe.

The undersigned Owner further confirms that Owner, its successors and assigns, shall have the continuing obligation to maintain Common Area A and Common Area B as shown on the plat.

GENERAL NOTES

- Flood Plain Data:** Per F.I.R.M. for Vanderburgh County, Indiana, Panel Number 180256 0050 B, dated March 19, 1982, no part of the proposed subdivision is within the designated 100 year flood zone.
- Flood Protection Grade:** Minimum elevation of structures denoted on each lot as F.P.G., as established by the Vanderburgh County Building Commissioner on February 23, 1990.
- Utilities:** Municipal water and sanitary sewers will be extended throughout the development.
- Zoning:** Lot B2 is currently zoned AG with a special use. The remainder of the subject property is currently zoned AG. The abutting property is zoned as shown hereon.
- Temporary Erosion Control:** (during construction)
 - Slopes of 0%-6% shall be mulched and seeded with a cover crop, i.e., rye, red top, or wheat, within 45 days of disturbance of soil and must remain in place until final grading and shaping.

- Erosion Control for Ditches:**
 - Ditches grades will be 0% to 0.5% and will have paved concrete inverts to preserve grade.
- Public Utility and Drainage Easements:**
 - Above ground parts of public utilities are not to be located within the banks of the drainage swales or ditches. Sewer manholes are to be located back of the top of bank of the drainage swales.
 - Individual lot owners shall not construct or place any obstruction within any public drainage easement which will interfere with the flow of surface water along drainage easements.
- Restricted Access:** Lots A10 and A14 are restricted to one access drive to Cross Pointe Boulevard near the north line of said lots.
