General Notes

- Utilities: Water and sanitary sewers will be extended to the site.
- Road Grades: Maximum road grades will not exceed 10.0%.
- Basements: Any basements must be approved by the Vanderburgh County Building Commissioner.
- Access: All Lots must access onto interior roadways.
- Flood Plain Data: No portion of the proposed subdivision lies within the boundaries of the 100 year flood zone as plotted by scale on Flood Insurance Rate Map for Vanderburgh County Indiana, Community Panel Number 180256 0025 C, dated August 5, 1991.
- Storm Drainage Maintenance: The individual lot owner(s) shall be responsible, including financially, for maintaining that part of the storm water drainage system and its easements which exists on his or her property in proper working order including:
- Mowing grass, controlling weeds, and maintaining the designed cover of waterways, storage basins, and easements in accordance with applicable ordinances.
 - Keeping all parts of the storm water drainage system operating as designed and as constructed; and free of all trash, debris, and obstructions to the flow of water.
 - Keeping the channels, embankments, shorelines, and bottoms of waterways and basins free of all erosion and sedimentation.
 - Preventing all persons or parties from causing any unauthorized alterations, obstructions, or detrimental actions from occurring to any part of the storm water drainage system and easement which lies on his or her property.
 - NOTICE: Any pipe, fence, wall, building, pool, patio, planting, stored material, excavation, fill, or other construction, improvement, addition to, or alteration of the land within a drainage easement in this subdivision requires the prior written approval of the Board of Public Works.

Erosion Control: The Developer, Development Contractors, Builders and all Lot Owners or anyone working with or disturbed earth shall comply with the "Erosion Control Plan" and any amendments as filed with the Board of Public Works and with all Federal, State and Local erosion control laws.

Private Lake: The private lake shown hereon is for the benefit of the owners of lots 18 thru 24.

Property Corner Markers: All corners not already marked will be marked with a 5/8" diameter iron rod with plastic cap stamped "Morley and Associates, Inc. I.D. No. 0023."

Bench Mark Data: Reference Bench Mark - N.G.S. #W-356 Round top pin in recessed pot at the southeast corner of the intersection of U.S. 41 and Lynch Road. Elev. = 384.69

- TBM #1 - 5/8" Iron Rod #1005. Elevation = 429.53
- TBM #2 - 5/8" Iron Rod #1006. Elevation = 412.60
- TBM #3 - 5/8" Iron Rod #1002. Elevation = 416.48
- TBM #4 - 5/8" Iron Rod #1000. Elevation = 393.00

Final drainage plans were approved by the City of Evansville Board of Public Works on: October 29, 1997

Street construction plans were approved by the City of Evansville Board of Public Works on: March 25, 1998

OWNER'S CERTIFICATE

The undersigned owners of the real estate shown and described hereon do hereby plat and subdivide said real estate as shown and designate the same as **Crown Pointe Subdivision**. All roads shown and not previously dedicated are hereby dedicated to public use.

Strips or areas of land, of the dimensions shown on this plat and marked "P.U.E." (Public Utility Easement), are hereby dedicated to public utilities for the installation, maintenance, operation, enlargement and repair of utility facilities, whether above ground or below ground, with the right to trim or remove, at the discretion of the public utility, trees, overhanging branches, bushes, underbrush and obstructions. No structures other than such utility facilities shall be located within said areas of land and any fence located within said areas of land is subject to removal by a public utility without liability in the use of said easements by said utility.

Strips or areas of land, of the dimensions shown on this plat and marked "D.&UG.P.U.E." (Drainage & Underground Public Utility Easement) are dedicated for conveyance of surface water and/or subsurface water drainage and for the maintenance and operation of underground portions of public utility facilities, including flush with surface level manholes and vaults that do not impede drainage flow, access along the easement, or mowing and maintenance of the easement. No structures other than such utility facilities or drainage ways or systems shall be located within said areas of land and any fence located within said areas of land is subject to removal by the Drainage Board or a public utility without liability, in the use of said easements.

Strips or areas of land, of the dimensions shown on this plat and marked "L.M.&S.D.E." (Lake Maintenance & Storm Detention Easement) are dedicated for the maintenance of the storm detention lake and maintenance, and storage of storm water. Any major alterations to the land within these easements must have the approval of the Board of Public Works. Fences may not be extended across the Lake Maintenance and Storm Detention Easement.

All easements are dedicated with the right of ingress and egress over the lots within this subdivision and to from said easements for necessary construction, maintenance or reconstruction. The Board of Public Works or utility exercising such right of ingress and egress shall take care not to disturb property and shall be liable for any direct damages outside the easements.
