

VICINITY MAP

**GENERAL NOTES**

**Noise Sensitive:** The owner and subdivider of this property along with the future owners of all lots within this subdivision acknowledge for themselves, their heirs, their successors and their assigns, that the real estate described on this subdivision plat experiences or may experience significant levels of aircraft operations, and that dwellings constructed within this subdivision should account for increased noise levels, with full knowledge and acceptance of the aircraft operations as well as any effects resulting from the aircraft operations.

**Sports Complex Night Lighting Advisory:** This subdivision and the specific lots along the eastern site boundary are adjacent to an active Sports Complex that will have night lighting.

**Compaction Certification:** Within Flood Zone "AE", a Soils Engineer shall certify the compaction, methods and suitability of fill in the area of building pads, and shall delineate lot numbers for those building lots being certified on the site grading plan. Further, the Soils Engineer will provide special footing and foundation requirements, if any, based on the soil conditions.

**Access:** All Lots shall access internal roads, only.

**Double Frontage:** Lots 56 through 61 are not considered double frontage lots for the purpose of placing fences, only.

**Utilities:** Water is provided by the Evansville Water and Sewer Utility and will be extended to all of the proposed lots.  
Sewer is provided by the Evansville Water and Sewer Utility and will be extended to all of the proposed lots.  
Gas and Electric is provided by Vectren Energy Delivery of Indiana and will be extended to all of the proposed lots.

**Basement:** Any basement must be approved by the Vanderburgh County Building Commissioner.

**Grades:** First floor grades shall be set to allow for proper drainage away from houses. All first floor grades shall conform to local and state enforced building codes.

**Storm Maintenance:** Per Plan B of the County Drainage Ordinance, the individual lot owners shall be responsible, including financially, for maintaining that part of the storm water system and its easements which exist on his or her property in proper working order including:  
1. Mowing grass, controlling weeds, and maintaining the designed cover of waterways, storage basins, and easements in accordance with all applicable ordinances.  
2. Keeping all parts of the storm water system operating as designed and as constructed and free of all trash, debris, and obstructions to the flow of water.  
3. Keeping the channels, embankments, shorelines and bottoms of waterways and basins free from erosion and sedimentation.  
4. Maintaining that part of the storm water system which lies on his or her property in accordance with the conditions described on the approved street and/or drainage plans on file in the County Surveyor's Office and/or in the County Engineer's Office and in compliance with the County Drainage Ordinance.  
5. Preventing all persons or parties from causing any unauthorized alterations obstructions or detrimental actions from occurring to any part of the storm water system and easement which lies on his or her property.  
6. The Repair Fund established for this project will pay the costs of repairing structural failure in the storm sewer pipes, pipe collars, drop boxes, aprons, inlets, manholes, junction boxes and the piped or paved outlet structures of the storm water control basins, all of which are part of the approved and constructed storm water system shown on the as-built plans for this subdivision and which are in drainage easements and outside of the county accepted road right-of-way shown on this subdivision plat.  
7. Any pipe, fence, wall, building, pool, patio, planting, stored material, excavation, fill, or other construction, improvement, addition to, or alteration of the land within a drainage easement in this subdivision requires the prior written approval of the County Drainage Board.

**Temporary Erosion Control (During Construction):** For subdivisions where the land disturbance is in excess of one acre, a Storm Water Pollution Prevention Plan must be submitted in accordance with Vanderburgh County Code Title 15.05 "Construction Site Storm Water Runoff Control". All temporary and permanent erosion control measures must be implemented as described in the Storm Water Pollution Prevention Plan for the project site. For subdivisions where the land disturbance is less than one acre, temporary stabilization as described in section 15.05.11.C.16 of the Vanderburgh County Code must be provided if unvegetated areas are scheduled or likely to be left inactive for 15 days or more. When land disturbance activities have been completed, final stabilization shall be completed as described in section 15.05.11.C.20 of the Vanderburgh County Code.

**Flood:** According to the Flood Insurance Rate Maps for Vanderburgh County, Indiana, Map Number 18163CO117D, dated March 17, 2011, part of the subject property does lie within the limits of the 100 year flood zone (Zone AE). (100 year flood elevation is 384.0' & FPG is 386.0' for this site. (1988 datum)

**Bearings:** Bearings used this survey are based on Indiana State Plane Coordinates (NAD 1983) A GPS observation was used to re-establish the State Plane Coordinate System.

**Monuments:** Monuments either exist or have been set as noted. Monuments set are 5/8 inch rebar with plastic cap stamped "Cash Waggoner & Associates #0096"

**Approval Dates:** Road Plans were approved by the Vanderburgh County Commissioners on October 14, 2014.  
Sidewalks were waived by the Vanderburgh County Commissioners on October 28, 2014.  
Drainage Plans were approved by the Vanderburgh County Drainage Board on October 14, 2014.  
The Vanderburgh County Drainage Board approved a request to allow homes to be built as close as 10 feet from the Lake Maintenance and Storm Drainage Easement on October 14, 2014.  
Sewer Plans were approved by the Evansville Water and Sewer Utility on September 30, 2014.  
Water Plans were approved by the Evansville Water and Sewer Utility on September 15, 2014.

**OWNER'S CERTIFICATE**

The undersigned owner of the real estate shown and described hereon do hereby plat and subdivide said real estate as shown and designate the same as Kinway Park. All road rights-of-way shown and not previously dedicated are hereby dedicated to public use.

Strips or areas of land, of the dimensions shown on this plat and marked "P.U.E." (Public Utility Easement), are hereby dedicated to public utilities for the installation, maintenance, operation, enlargement and repair of utility facilities, whether above ground or below ground, with the right to trim or remove, at the discretion of the public utility, trees, overhanging branches, bushes, underbrush and obstructions. No buildings or similar structures, other than such utility facilities, can be located within said areas of land. Any fence located within said areas of land is subject to removal by a public utility without liability in the use of said easements by said utility.

Strips or areas of land, of the dimensions shown on this plat and marked "R.P.U.E." (Restricted Public Utility Easement), are hereby dedicated to the public water utilities, public sewer utilities, public gas utilities and public electric utilities for the installation, maintenance, operation, enlargement and repair of utility facilities, whether above ground or below ground, with the right to trim or remove, at the discretion of said public utility companies, trees, overhanging branches, bushes, underbrush and obstructions. No buildings, structures, fences, telephone utilities, cable television utilities or any other utilities shall be located within said areas of land. However, nothing shall prevent the use of any portion of the easement for utility service connections or crossings by any utility. Any building, structure, fence, telephone facilities (except crossings and service connections), cable television facilities (except crossings and service connections), obstructions or encroachments located within said areas of land are subject to removal by the permitted water, sewer, gas and electric utility companies without liability in the use of said easements and the permitted water, sewer, gas and electric utility companies shall not be required to replace, restore or repair any non-permitted feature, obstruction or encroachment in the use of said easements. Nothing shall prevent the use of any portion of this easement for driveways and sidewalks constructed with any type of material or surface and nothing shall prevent the use of any portion of this easement for crossings by storm drainage facilities.

Strips or areas of land, of the dimensions shown on this plat and marked "L.M.S.D.E." (Lake Maintenance & Storm Drainage Easement) are dedicated for the maintenance of the storm drainage lake and maintenance, and storage of storm water. Any alterations to the land within these easements must have the approval of the Drainage Board. Fences may not be extended into the Lake Maintenance and Storm Drainage Easement.

Strips or areas of land, of the dimensions shown on this plat and marked "D.E." (Drainage Easement) are dedicated for conveyance of surface water and/or subsurface water, provided however, that public utilities are hereby permitted to cross such Drainage Easements with utility facilities provided, that such facilities are not placed in such manner as to impede the flow of water. The property owner is responsible for maintenance and erosion control of said easements and shall not place landscaping, earth berms, fences or other obstructions that impede or reduce the flow of water.

All easements are dedicated with the right of ingress and egress over the lots within this subdivision to and from said easements for necessary construction, maintenance or reconstruction.
