ROADWAY CONSTRUCTION PLANS WERE APPROVED BY THE VANDERBURGH COUNTY COMMISSIONERS ON: JANUARY 28, 2002 DATE

SANITARY SEWERS WERE ACCEPTED FOR MAINTENANCE BY THE EVANSVILLE WATER AND SEWER UTILITY BOARD ON: SEPTEMBER 4, 2001 DATE

### OWNERS CERTIFICATE

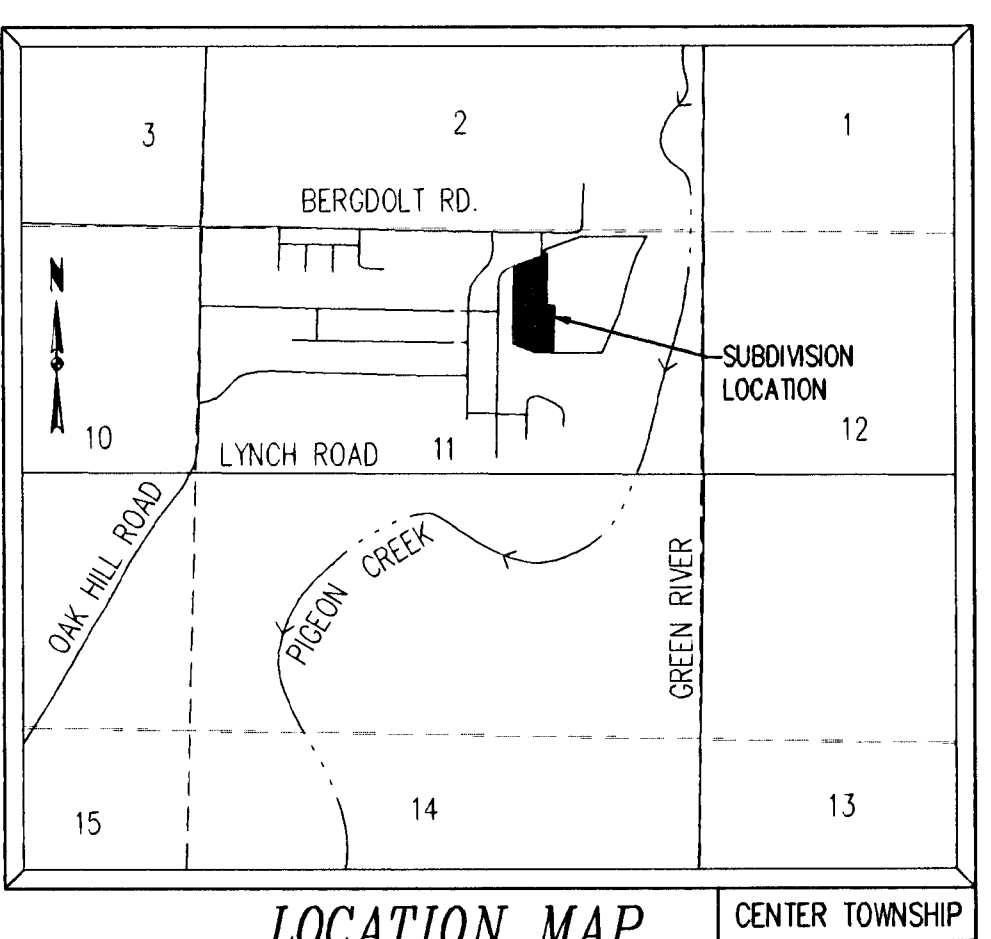

The undersigned owners of the real estate shown, and described hereon, does hereby plot and subdivide said real estate as shown and designates the same as "LIBERTY ESTATES, SECTION ONE". All roads shown, and not previously dedicated, are hereby dedicated for public use.

Strips or areas of land, of the dimensions shown on this plat and marked "Public Utility (PUE) Easement", are hereby dedicated for the installation, maintenance, operation, enlargement, and repair of utility facilities, whether above ground or below ground, with the right to trim or remove, at the discretion of the public utility, trees, overhanging branches, bushes, underbrush, and obstructions. No structures other than such utility facilities shall be erected within said areas of land and any fence located within said areas of land is subject to removal by a public utility without liability in the use of said easements by said utility.

Strips or areas of land marked "Drainage (DE) Easement" are dedicated for the conveyance of surface water and/or subsurface water, provided, however, that public utilities are hereby permitted to cross, underground only, such Drainage Easements with utility facilities; and provided that such facilities are not placed in such a manner as to impede the flow of water and further provided that such drainage easements may be used for ingress and egress and temporary staging areas for work by public utilities, so long as any damage caused to the designed facility is repaired by the utility company equal to the design standards.

Areas of land marked "Lake Maintenance and Storm Detention Easement (LM&SDE)" are dedicated for the maintenance of the storm water detention system. The Owner assigns the responsibility for the repair of all storm water drainage systems and facilities outside of the County accepted road rights-of-way to Vanderburgh County, as provided in Section 1502.02 (Plan B-Repair Fund) of the Drainage Ordinance. The individual Lot Owners continue to be responsible, financially and otherwise, for maintaining the portion(s) of the storm water drainage system, and specifically the LM&SDE and DE, which exist on their property. (The responsibilities are outlined in General Note # 8-Items A-G.)

### GENERAL NOTES

- Utilities:** Sanitary sewer, water, gas, electric, and telephone will be extended to the site.
- Flood Plain Data:** Flood Insurance Rate Map (FIRM) Community Panel 180256 0025 C, dated August 5, 1991 shows that a portion of this subdivision lies within Zone A, as said property plots by scale.
- Lot Drainage:** Individual lot owners are responsible to construct and maintain respective lot grades in such a manner as to allow stormwater runoff from abutting lots to flow freely to drainage swales or street curbs.
- Road Grades:** Maximum road grades will not exceed 5.0%.
- Temporary Erosion Control:** (during construction)
  - Slopes of 0%- 6% shall be mulched and seeded with a cover crop, i.e., rye, red top, or wheat, within forty-five (45) days of disturbance of soil, which must remain in place until final grading and shaping.
  - Slopes of more than 6% shall be mulched and seeded and shall have straw bales and/or erosion blankets in place within five (5) days of disturbance of soil which must remain in place until final grading and seeding.
- Erosion Control for Ditches:**
  - Slopes of 0%-2% shall be mulched and seeded within forty-five (45) days of disturbance.
  - Slopes of 2%-8% shall be sodded or stabilized with an erosion control mat at completion of ditch grading.
  - Slopes over 8% require riprap or other approved stabilization at completion of ditch grading if the total ditch length at that point is greater than 100 feet.
- Property Corner Markers:** All corners not currently marked will be marked with a 5/8" iron rod with a plastic cap labeled "RLS 20100014."
- Drainage Facility Maintenance:** The individual Lot Owner shall be responsible, financially and otherwise, for maintaining the portion(s) of the storm water drainage system, and specifically the Lake Maintenance & Storm Detention Easement (LM&SDE) and Drainage Easements (DE), which exist on his or her property in working order including:
  - (A) "Mowing grass, controlling weeds, and maintaining the designed cover for the waterways, storage basins, and easements in accordance with applicable ordinances.
  - (B) "Keeping all parts of the storm water drainage system operating as designed and constructed, and free of all trash, debris, and obstructions to the flow of water.
  - (C) "Keeping the channels, embankments, shorelines, and bottoms of waterways and basins free of all erosion and sedimentation.
  - (D) "Maintaining that part of the storm water drainage system which lies on his or her property in accordance with the conditions described on the approved street and/or drainage plans on file in the County Surveyor's Office, and/or in the County Engineer's Office, and in compliance with the County Drainage Ordinance.
  - (E) "Preventing all persons or parties from causing any unauthorized alterations, obstructions, or detrimental actions from occurring to any part of the storm water drainage system and easement which lies on his or her property.
  - (F) "The Repair Fund established for this Project will pay the costs of repairing structural failures in the storm sewer pipes, pipe collars, drop boxes, aprons, inlets, manholes, junction boxes, and the pipe or paved outlet structures of the storm water control basins all of which are parts of the approved and constructed storm water drainage system shown on the as-built plans for this Subdivision; and which are in drainage easements and outside of the county accepted road rights-of-way as shown on the plat of this subdivision."
  - (G) "NOTICE: Any pipe, fence, wall, building, pool, patio, planting, stored material, excavation, fill, or other construction, improvement, addition to, or alteration of the of the land within a drainage easement in this subdivision requires the prior written approval of the County Drainage Board."
- Earth Fill:** Portions of this site have been filled in accordance with acceptable industry standards, and houses may be placed on this fill.
- Special Measures:** Special measures are required to provide extra crawl space protection due to ground elevations. Special measures may include waterproofing, installing sump pumps, yard slopes in excess of code minimums, etc.
