DANNY K. LEEK REGISTERED No. S0480 STATE OF INDIANA LAND SURVEYOR

General Notes

Purpose For amendment of Plat: The purpose of this amended plat is to revise the easement north of and along Columbia Street and the easement west of the LM&SDE from an E.W.S.U. Water Easement to a R.P.U.E. and to also add an additional R.P.U.E. The easement west of the LM&SDE was also widened to 18.5 feet.

Zoning: The Subject Property is Zoned C-2, all adjacent property is zoned as noted.

Flood Plain Data: Per F.I.R.M. panel number 18163C0201D, dated March 17, 2011, Vanderburgh County, Indiana, the subject subdivision lie entirely within the limits of the 100 year flood zone AE. NAVD 1988 Datum.

Minimum First Floor Elevations: Will be established by the Vanderburgh County Building Commissioner.

Basements: Any basements bust be approved by the Vanderburgh County Building Commissioner.

Utilities: Sanitary Sewer & water exist on site provided by Evansville Water & Sewer Utility. Gas, telephone, and electric are on or will be extended to the site.

Access: All Access to the new project will be from Hirschland Road or Columbia Street. no roads will be designed having a profile grade > 10%

Temporary Erosion Control: Slopes of 0%-6% shall be mulched and seeded with a cover crop, i.e., rye, red top, or wheat, within forty-five (45) days of disturbance of soil, which must remain in place until final grading and shaping.
Slopes of more than 6% shall be mulched and seeded and shall have a straw bales and/or erosion control blankets in place within (5) days of disturbance of soil which must remain in place until final grading and seeding.

Site Topography: The Site relatively flat with an average slope of less than 2%. The elevations range from 382.0 to 386.9.

Erosion Control for Ditches: Slopes of 0%-2% shall be mulched and seeded within 45 days of disturbance.
Sloped of 2%-8% shall be sodded or stabilized with an erosion control mat at completion of ditch grading.
Slopes over 8% require rip rap or other approved stabilization at completion of ditch grading if the total ditch length at that point is greater than 100 feet.

Monuments: Monuments have been set at all boundary and lot corners. Monuments set as a part of this plat are 5/8" rebar with cap stamped "Morley & Assoc. ID. #0023".
Storm Drainage Plans were approved by the Board of Public Works On: 10/3/2013

Road Plans were approved by the Board of Public Works On: 9/26/2013

Sanitary Sewer Construction Plans were approved by the Evansville Water and Sewer Utility On: 12/10/2013

Compaction Certification: Within Flood Zone "A", a Soils Engineer shall certify the compaction, methods, and suitability of fill in the area of the building pad, and shall delineate the lot as being certified on the site grading plan. Further, the Soils Engineer will provide special footing and foundation requirements, if any, based on the soil conditions.

Survey Notes:

1. A Boundary Survey Does Not Determine Land Ownership and the professional land surveyor only provides an 'Opinion' of the previously described boundary lines which may or may not be upheld by a court of law. Unwritten Rights may or may not exist on the subject real estate.

2. No warranty or certification as to the presence or absence of any other easements is being made by the surveyor or any approving agency including the Planning Commission or Local Building Authority.

3. This survey plat does not represent evidence as to the location of underground features such as coal, oil, gas, tanks, wells or any other rights or claims that may exist underground and no claim or liability is expressed by the Surveyor..

4. This survey plat does not purport to indicate any evidence of hazardous or environmentally injurious materials and the surveyor expressly disclaims any responsibility or liability for the same.

5. All Underground utility lines or features shown hereon are based on visible above ground features and or paint markings placed on the ground by the underground locate service and or maps provided by the operating utility companies. Additional underground utilities may exist and their locations may vary from those shown. All Contractors are required by law to contact the underground locate services prior to any digging or disturbance of the surface. Call 811.

6. Usage of this Survey Map and or survey data provided, for any other purpose, reproductions (in whole or part) shall not be made without the explicit written permission of the surveyor.

Owner's Certificate

The undersigned owners of the real estate shown and described hereon do hereby plat and subdivide said real estate as shown and designate the same as **The Promenade Section 2 Amended Plat**. All road right-of-ways shown and not previously dedicated are hereby dedicated to public use for the purpose of roadways and public utilities.

Strips or areas of land, of the dimensions shown on this plat and marked " **E.W.S.U. Water Easement**" *(Evansville Water and Sewer Utility Water Easement)*, are hereby granted and conveyed unto the City of Evansville Water and Sewer Utility Department a permanent Waterline Easement and right-of-way over the real estate for the purpose of granting and facilitating the right to lay, construct, inspect, maintain, operate, repair, alter, relocate, enlarge, rebuild and remove one or more pipelines, transmission media, and all appurtenant and necessary structures, whether above or below the surface, convenient or necessary to transport and otherwise handle water and perform and facilitate such utility services over, along, across, within and upon the Real Estate, together with the right of ingress and egress over the existing roads and entrances to the lands of Grantor to and from said Real Estate in the exercise of the rights herein granted; provided that in the exercise of such rights, the Grantee will, whenever practicable to do so, use regularly established highways or roadways. No paving, buildings, structures, fences, or any other type of improvement or property, either of a permanent or temporary nature, shall be located or maintained over, on or within the Permanent Easement Real Estate, no excavating or grading shall be done over, on or within the Permanent Easement Real Estate which would reduce the coverage of soil over said pipeline or increase the coverage by more than three (3) feet, and no lake or pond shall be constructed within fifteen (15) feet of either side of the Permanent Easement Real Estate measured from the top edge of the bank of any such lake or pond.

Strips or areas of land, of the dimensions shown on this plat and marked " **E.W.S.U. Sanitary Sewer and Waterline Easement**" *(Evansville Water and Sewer Utility Sanitary Sewer Easement)*, are hereby granted and conveyed unto the City of Evansville Water and Sewer Utility Department a permanent water and sewer Utility Easement and right-of-way over the real estate for the purpose of granting and facilitating the right to lay, construct, inspect, maintain, operate, repair, alter, relocate, enlarge, rebuild and remove one or more pipelines, transmission media, and all appurtenant and necessary structures, whether above or below the surface, convenient or necessary to transport and otherwise handle water and sewage, and perform and facilitate such utility services over, along, across, within and upon the Real Estate, together with the right of ingress and egress over the existing roads and entrances to the lands of Grantor to and from said Real Estate in the exercise of the rights herein granted; provided that in the exercise of such rights, the Grantee will, whenever practicable to do so, use regularly established highways or roadways. No paving, buildings, structures, fences, or any other type of improvement or property, either of a permanent or temporary nature, shall be located or maintained over, on or within the Permanent Easement Real Estate, no excavating or grading shall be done over, on or within the Permanent Easement Real Estate which would reduce the coverage of soil over said pipeline or increase the coverage by more than three (3) feet, and no lake or pond shall be constructed within fifteen (15) feet of either side of the Permanent Easement Real Estate measured from the top edge of the bank of any such lake or pond.

Strips or areas of land, of the dimensions shown on this plat and marked **R.P.U.E.**" (Restricted Public Utility Easement), are hereby dedicated to the public water utilities, public sewer utilities, public gas utilities and public electric utilities for the installation, maintenance, operation, enlargement and repair of utility facilities, whether at grade or below ground, with the right to trim or remove, at the discretion of said public utility companies, trees, overhanging branches, bushes, underbrush and obstructions. No buildings, structures, fences, telephone utilities, cable television utilities or any other utilities shall be located within said areas of land. However, nothing shall prevent the use of any portion of the easement for utility service connections or crossings by any utility. Any building, structure, fence, telephone facilities(except crossings and service connections), cable television facilities (except crossings and service connections), obstructions or encroachments located within said areas of land are subject to removal by the permitted water, sewer, gas and electric utility companies without liability in the use of said easements and the permitted water, sewer, gas and electric utility companies shall not be required to replace, restore or repair any non-permitted feature, obstruction, or encroachment in the use of said easements. Nothing shall prevent the use of any portion of this easement for driveways, parking lots and sidewalks constructed with any type of material or surface and nothing shall prevent the use of any portion of this easement for crossings by storm drainage facilities, as long as these improvements do not interfere with at-grade utility infrastructure.

Strips or areas of land, of the dimensions shown on this plat and marked "**LM&SDE**" *(Lake Maintenance & Storm Detention Easement)*, are hereby dedicated for the maintenance of the storm drainage lake and maintenance, and storage of storm water. Any alterations to the land within these easements must have the approval of the Drainage Board. Fences may not be extended into the Lake Maintenance and Storm Detention Easements.

All easements are dedicated with the right of ingress and egress over the lots within this subdivision to and from said easements for necessary construction, maintenance or reconstruction.
