Owner's Certificate

The undersigned owners of the real estate shown and described hereon do hereby plat and subdivide said real estate as shown and designate the same as THE SEASONS SECTION IV. All roads shown and not previously dedicated are hereby dedicated to public use.

Strips or areas of land, of the dimensions shown on this plat and marked P.U.E. (Public Utility Easement), are hereby dedicated for the installation, maintenance, operation, enlargement and repair of utility facilities, whether above ground or below ground, with the right to trim or remove, at the discretion of the public utility, trees, overhanging branches, bushes, underbrush and obstructions. No structures other than such utility facilities or drainage pipes shall be erected within said areas of land and any fence located within said areas of land is subject to removal by a public utility without liability in the use of said easements by said utility.

Strips of land marked D.&UG.P.U.E. (Drainage & Underground Public Utility Easement) are dedicated for conveyance of surface water and/or subsurface drainage pipes, maintenance and operation of underground portions of public utility facilities including flush with surface level manholes and vaults that do not impede drainage flow, access along the easement, or mowing and maintenance of easement. No structures other than such utility facilities or drainage pipes shall be erected within said areas of land and any fence located within said areas of land is subject to removal by the Drainage Board or a public utility without liability in the use of said easements.

All easements are dedicated together with the right of ingress and egress over the lots within this subdivision to and from said easements for necessary maintenance or reconstruction.

General Notes

- Zoning: The subject property is currently zoned "R-1"
- Flood Plain Data: No portion of the proposed subdivision lies within the boundaries of the 100 year flood zone as plotted by scale on Flood Insurance Rate Map for Vanderburgh County, Indiana, Community Panel Number 180256 0050 B, dated March 19, 1982.
- First Floor grades shall be set to allow for proper drainage around houses. All first floor grades shall conform to local and state enforced building codes.
- Storm Drainage Maintenance: The individual lot owner(s) shall be responsible, including financially, for maintaining that part of the storm water drainage system and its easements which exists on his or her property in proper working order including:
- Mowing grass, controlling weeds, and maintaining the designed cover of waterways, storage basins, and easements in accordance with applicable ordinances.
 - Keeping all parts of the storm water drainage system operating as designed and as constructed; and free of all trash, debris, and obstructions to the flow of water.
 - Keeping the channels, embankments, shorelines, and bottoms of waterways and basins free of all erosion and sedimentation.
 - Maintaining that part of the storm water drainage system which lies his or her property in accordance with the conditions described on the approved street and/or drainage plans on file in the County Surveyor's Office, and/or in the County Engineer's Office, and in compliance with the County Drainage Ordinance.
 - Preventing all persons or parties from causing any unauthorized alterations, obstructions, or detrimental actions from occurring to any part of the storm water drainage system and easement which lies on his or her property.
 - The Repair Fund established for this Project will pay the costs of repairing structural failures in the storm sewer pipes, pipe collars, drop boxes, aprons, inlets, manholes, junction boxes, and the piped or paved outlet structures of the storm water control basins all of which are parts of the approved and constructed storm water drainage system shown on the as-built plans for this Subdivision; and which are in drainage easements and outside of the county accepted road rights-of-way as shown on the plat of this subdivision.
- NOTICE: Any pipe, fence, wall, building, pool, patio, planting, stored material, excavation, fill, or other construction, improvement, addition to, or alteration of the land within a drainage easement in this subdivision requires the prior written approval of the County Drainage Board.

Erosion Control: The Developer, Development Contractors, Builders and all Lot Owners or anyone working with or disturbed earth shall comply with the "Erosion Control Plan" and any amendments as filed with the County Drainage Board and the Soil and Water Conservation District, and with all Federal, State and Local erosion control laws.

Temporary Erosion Control of Disturbed Areas: Slopes of 0% to 6% shall be mulched and seeded with a cover crop, i.e., rye, red top, or wheat, within forty-five (45) days of disturbance of soil, which must remain in place until final grading and shaping. Slopes of more than 6% shall be mulched and seeded and shall have silt fence, straw bales and/or erosion blankets in place within five (5) days of disturbance of soil which must remain in place until final grading and seeding.

Erosion Control for Ditches: Slopes of 0% to 1% shall be seeded and mulched within 45 days of disturbance. Slopes of 1% to 6% shall be sodded or stabilized with an erosion control mat at completion of ditch grading. Slopes over 6% require riprap or other approved stabilization at completion of ditch grading if the total ditch length at that point is greater than 100 feet.

Property Corner Markers: All corners not already marked will be marked with a 5/8" diameter iron rod with plastic cap stamped "Morley and Associates, Inc. I.D. No. 0023."

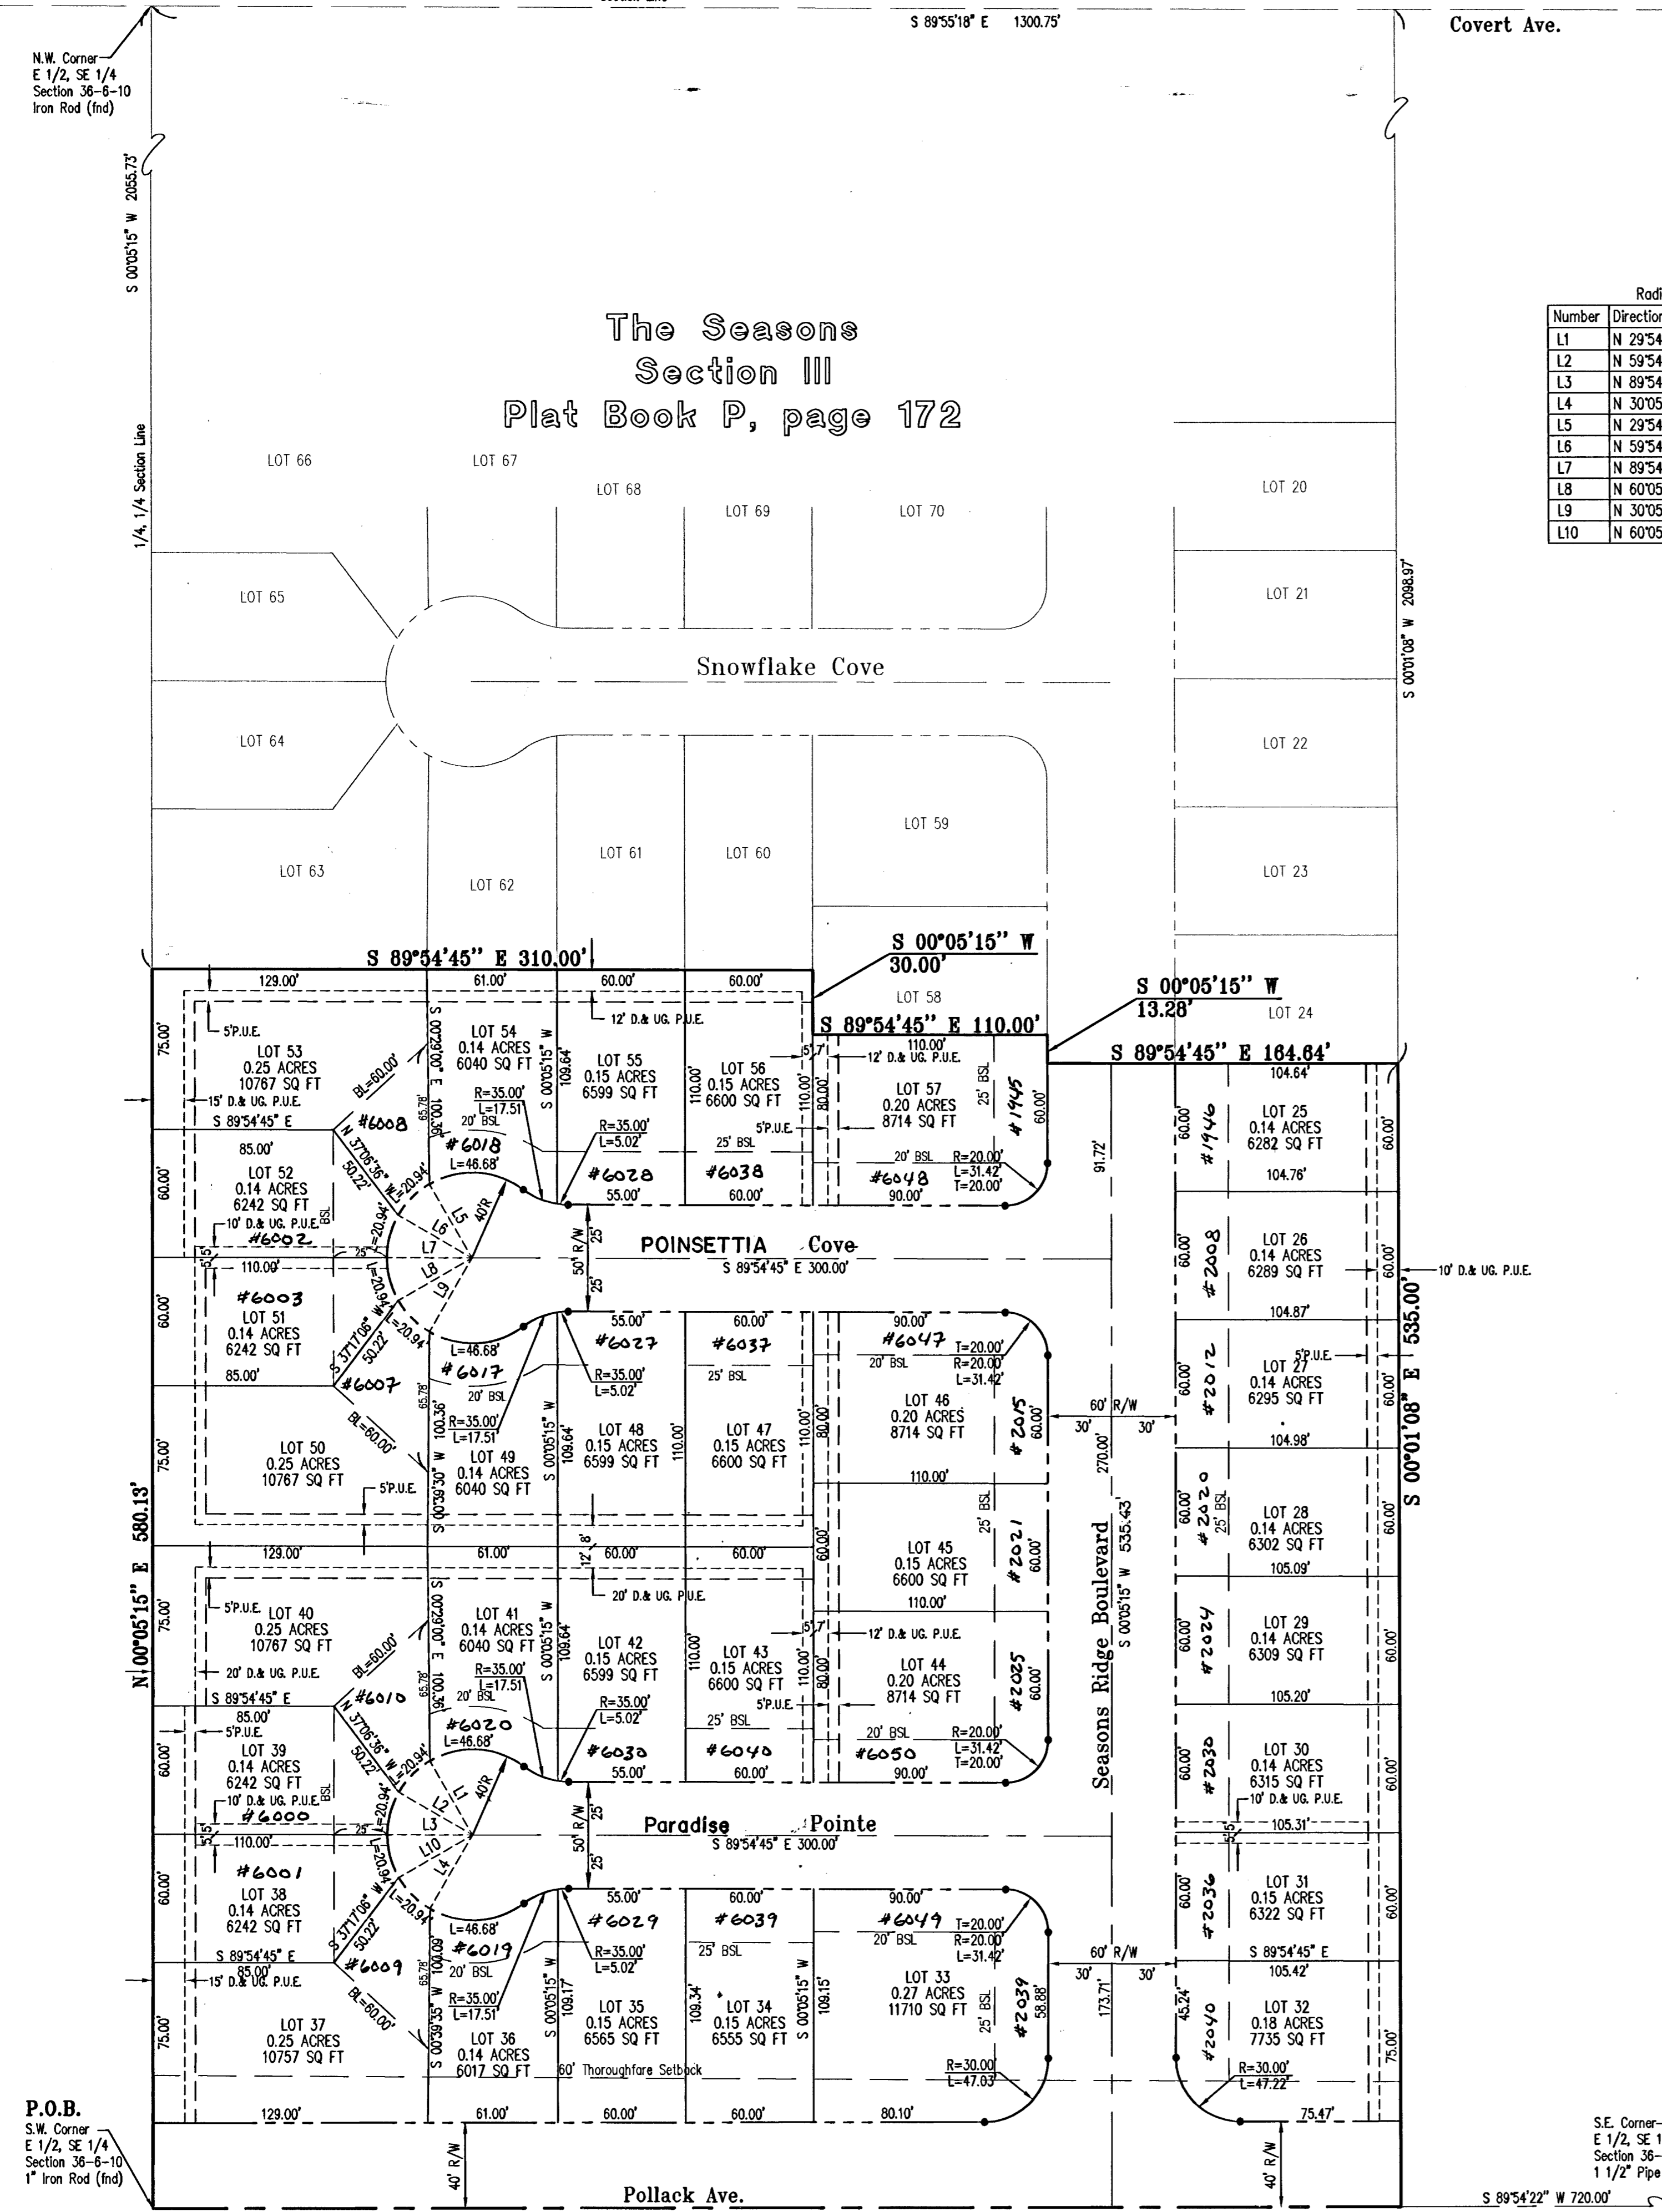

Bench Mark Data: Temporary Bench Mark #1 - Northmost headbolt on fire hydrant at the southwest corner of the intersection of Season Points Blvd. and Windstar Cove. Elevation = 388.03

Temporary Bench Mark #2 - Northmost headbolt on fire hydrant at the northwest corner of the intersection of Seasons Pointe Blvd. and Rainbow Pointe. Elevation = 390.23

Final Drainage Plans were approved by the Vanderburgh County Drainage Board on June 24, 1998.

Road Construction Plans were approved by the Vanderburgh County Commissioners on June 10, 1998.

Utilities: Water, sanitary sewers, gas, electric and telephone will be extended to the site.
