OWNER'S CERTIFICATE
We, the undersigned owners of the real estate shown and described herein, do hereby certify that we have laid off, platted and subdivided, and do hereby lay off, plat and subdivide the said real estate in accordance with the within plat.
All streets and alleys shown and not heretofore dedicated, are hereby dedicated to the public. Front and side yard building setback lines are hereby established as shown on this plat, between which lines and the property lines of the street, there shall be erected or maintained no buildings or structures. Strips of ground of the width as shown on this plat and marked "easement" are hereby reserved for the use of public utilities for the installation of water, sewer mains, surface water drainage, poles, ducts, lines and wires, subject at all times to the proper authorities and to the easement herein reserved. No structures are to be erected or maintained upon said strips of land but owners in this subdivision shall take their titles subject to the right of the public utilities.

Roseline Lutterbach

- General Notes
1. Owner/Developer: Roseline Lutterbach; 2807 Bayard Park Drive; Evansville, Indiana 47714; 812/476-9242.
 2. Utilities: Water, electric and gas are available at the site. Sewage disposal is by septic field system. Individual sewage systems must be in compliance with ISE-25 and each lot must have certified engineered systems approved by the Health Department, EVANSVILLE WATER & SEWER UTILITY.
 3. Erosion Control: Temporary erosion control: Slopes of 02-5% shall be mulched and seeded, i.e., rye, red top, and wheat (which will be used primarily for fall planting) within 45 days of disturbance of soil and must remain in place until final grading and shaping. Slopes of more than 5% shall have straw bales and/or erosion blankets in place within 45 days of disturbance of soil and must remain in place until final grading and shaping.
 4. Zoning: Subdivision is zoned R-1, adjacent property is zoned as noted.
 5. Flood Plains: The ditch along the south line of the subdivision is located within the 100-year Flood zone according to FIRM Panel 100 of 100 dated March 19, 1982 for Vanderburgh County, Indiana. No buildable areas are within the 100-year flood zone per Vanderburgh County Building Commissioner. House location is to be approved by the Vanderburgh County Building Commissioner.
 6. Soil Classification:
ALC - Alford silt loam 6 to 12% slopes
ALC - Alford silt loam 5 to 12% slopes
ALD - Alford silt loam 12 to 18% slopes
Ho2 - Homer silt loam 2 to 5% slopes
SE - Stendal silt loam
Wa - Wilbur silt loam
 7. Drainage:
All open channels for drainage shall have minimum one foot bottom, three to one side slopes with all channels 12 to 24" sodded and all channels exceeding 36" rip-rapped or concreted.
Encroachment within open channels, underground conduits or designated drainage easements by any fences, trees, shrubs, gardens, vegetation other than grass or any permanent structures other than those designated by the drainage plan for this subdivision is prohibited.
The maintenance of all drainage easements and the open channels within those easements in an appropriate manner and free of obstructions, rubbish, etc., shall remain the responsibility of the individual property owners of such property as the easements pass through or between until such time as the easements, channels and structures are accepted for maintenance by some other individual(s) or agency.
An 18" C.M.P. culvert is needed for driveways crossing central drainage swale in Lot Nos. 1, 2 and 3.
